# 1 INTRODUCTION

## 1.1 AUTHORITY

Under the authority granted by *The Planning and Development Act, 2007*, the Reeve and Council of the Rural Municipality of Excel No. 71 in the Province of Saskatchewan, in open meeting, hereby enact as follows:

## 1.2 TITLE

This Bylaw shall be known and may be cited as the "Zoning Bylaw" of the Rural Municipality of Excel No. 71

## 1.3 PURPOSE

- .1 The purpose of this Bylaw is to regulate development and to control the use of land in the Rural Municipality of Excel No. 71 in accordance with the Official Community Plan Bylaw 19-13.
- .2 The intent of this Zoning Bylaw is to provide for the amenity of the area within the Rural Municipality of Excel No.71 (hereinafter referred to as the Municipality) and for the health, safety, and general welfare of the inhabitants of the area:
  - a) to minimize land use conflicts;
  - b) to establish minimum standards to maintain the amenity of the Rural Municipality;
  - c) to ensure development is consistent with the physical limitations of the land;
  - d) to restrict development that places undue demand on the Rural Municipality for services; and
  - e) to provide for land-use and development that is consistent with the goals, objectives and policies of the Rural Municipality of Excel No. 71 Official Community Plan, Bylaw 19-13.

## 1.4 SCOPE

This Bylaw applies to all land included within the boundaries of the Rural Municipality of Excel No. 71 All development within the limits of the Rural Municipality shall hereafter conform to the provisions of this Bylaw.

## 1.5 SEVERABILITY

**BUILDING, PRINCIPAL:** a building in which is conducted the main or primary use of the site on which the said building is situated.

**BUILDING REAR LINE:** the line of the wall of the building or any projecting portion of the building and production thereof, excluding permitted obstructions, which faces the rear site line.

**BUILDING SIDE LINE:** the line of the wall of the building or any projecting portion of the building and production thereof, excluding permitted obstructions, which faces the side site line.

**BULK FUEL SALES AND STORAGE:** includes lands, buildings, and structures for the storage and distribution of fuels and oils including retail sales or key lock operations.

**BYLAW:** the Rural Municipality of Excel No. 71

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**CAMPGROUND:** an area used for a range of overnight camping experiences, from tenting to serviced trailer sites, including accessory facilities which support the use, such as administration offices and laundry, washroom and shower facilities, but not including the use of mobile homes or trailers on a permanent year-round basis.

**CANADA LAND INVENTORY (C.L.I.) SOIL CLASS RATING SYSTEM:** provides an indication of the agricultural capability of land. The classes indicate the degree of limitation imposed by the soil in its use for mechanized agriculture. The C.L.I. class for each parcel of land is determined by the dominant C.L.I. class for the parcel, usually a quarter-section of land. Soil classes range from 1 to 7, with Class 1 soils having no significant limitations and Class 7 having severe limitations in terms of its capacity for arable culture or permanent pasture.

**(PRIME)LANDS:** Canada Land Inventory (C.L.I) Soil Class Rating System

Class 1 – Soils in this class have no significant limitations in use for crops.

Class 2 – Soils in this class have moderate limitations that restrict the range of crops or require moderate conservation practices.

Class 3 - Soils in this class have moderately severe limitations that reduce the choice of crops or require special conservation practices.

**(MARGINAL) LANDS:** Canada Land Inventory (C.L.I) Soil Class Rating System

Class 4 - Soils in this class have severe limitations that restrict the choice of crops, or require special conservation practices and very careful management, or both.

Class 5 - Soils in this class have very severe limitations that restrict their capability to producing perennial forage crops, and improvement practices are feasible.

Class 6 - Soils in this class are unsuited for cultivation, but are capable of use for unimproved permanent pasture.

Class 7 - Soils in this class have no capability for arable culture or permanent pasture.

**CARDLOCK OPERATIONS:** a petroleum dispensing outlet without full-time attendants.

**CEMETERY:** land that is set apart or used as a place for the interment of the dead or in which human bodies have been buried. "Cemetery" may include a structure for the purpose of the cremation of human remains and may include facilities for storing ashes or human remains that have been cremated or the interment of the dead in sealed crypts or compartments.

**CLEAN FILL:** uncontaminated non-water-soluble, non-decomposable inert solids such as rock, soil, gravel, concrete, glass and/or clay or ceramic products. Clean fill shall not mean processed or unprocessed mixed construction and demolition debris, including, but not limited to, wallboard, plastic, wood or metal or any substance deemed corrosive, combustible, noxious, reactive or radioactive.

**CLINICS / HOSPITAL, ANIMAL**

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**ANIMAL CLINIC:** a building or part thereof used by a qualified veterinarian for the treatment of animal health needs where animals are not kept on the premises for surgery or kept overnight.

**ANIMAL HOSPITAL:** the premises of a veterinary surgeon where small, large domestic animals and livestock are treated or kept involving surgery and the keeping of animals in outdoor or indoor pens.

**VETERINARY CLINICS:** a place for the care and treatment of small animals involving outpatient care and medical procedures involving hospitalization, but shall not include the keeping of animals in outdoor pens.

**CLUSTER:** where design allows for the concentration of development in pockets to preserve ecological areas and other open space while providing lower servicing cost and alternative development (ie. housing) patterns.

**COMMERCIAL:** the use of land, buildings, or structures for the purpose of buying and selling commodities, and supplying professional and personal services for compensation.

**COMMERCIAL INDOOR STORAGE:** a building or series of buildings comprising multiple storage bays intended for lease or rent by the general public for the purpose of indoor storage of private goods.

**COMMERCIAL, SMALL SCALE:** Commercial or Industrial land uses maintaining a lineal frontage less than 90 metres (295.28 feet).

**COMMUNICATION TOWER:** any type of tower or facility regulated by the federal government under *The Telecommunication Act*, *Radiocommunication Act*, or *Broadcasting Act* used to receive and/or transmit radio-frequency signals, microwave signals, or other federally licensed communications signal. Communication towers include the antenna, and may include a supporting tower, mast or other supporting structure, and an equipment shelter.

**COMMUNITY FACILITIES:** a building or facility used for recreational, social, educational or cultural activities and which is owned by a municipal corporation, non-profit corporation or other non-profit organization.

### **COMPREHENSIVE DEVELOPMENT REVIEW (SEE CONCEPT PLAN)**

**CONCEPT PLAN (COMPREHENSIVE DEVELOPMENT REVIEW):** a land use concept plan for a specific local area that identifies social, environmental, health and economic issues which the proposed development must address.

**CONCRETE (ASPHALT) PLANT:** an industrial facility used for the production of asphalt or concrete, or asphalt or concrete products, used in building or construction, and includes facilities for the administration or management of the business, the stockpiling of bulk materials used in the production's process or of finished products manufactured on the premises and the storage and maintenance of required equipment.

**CONDOMINIUM:** as defined by *The Condominium Property Act, 1993*, means the land included in a condominium plan together with the buildings and units and the common property and common facilities belonging to them.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**CONDOMINIUM, BARE LAND (FREEHOLD):** involves dividing a parcel of land into individually owned 'bare land units'. Each bare land unit is shown on a survey plan. The balance of the parcel around the units is common property.

**CONDOMINIUM, TOWNHOUSE:** involves dividing a building into individually owned units with boundaries referenced to the walls, floors and ceilings. Each unit shall have its own entrance to the outside. Other parts of the building and the parcel containing the building are common property.

**CONSERVATION:** the planning, management and implementation of an activity with the objective of protecting the essential physical, chemical and biological characteristics of the environment against negative impacts.

**CONTRACTOR'S YARD:** the yard of a contractor or company used as a depot for the storage and maintenance of equipment used by the contractor or company, and includes facilities for the administration or management of the business and the stockpiling or storage of supplies used in the business.

**CONVENIENCE STORE:** a store offering for sale primarily food products, beverages, tobacco, personal care items, hardware and printed matter and which primarily provides a convenient day to day service to residents in the vicinity.

**COTTAGE WINERY:** an establishment primarily engaged in manufacturing wines, brandy, and brandy spirits from grapes, berries and other agricultural produce, the majority of which is grown on site. This includes the bottling, storage and sale wines.

**COUNCIL:** the Council of the Rural Municipality of Excel No. 71.

**COUNTRY RESIDENCE:** a dwelling or site whose owner's principal source of household income is derived from a source other than the principal agricultural use of that site.

**COUNTRY RESIDENTIAL DEVELOPMENT:** residential development contained within a severance from an agricultural holding where the essential land requirement is for a residential building site and space rather than for productive agricultural purposes.

**COUNTRY RESIDENTIAL DEVELOPMENT, MULTI-PARCEL:** involves high density rural residential development and may include cluster, multi-unit, linear developments or other suitable design concepts along roadways where the essential land requirement is for a residential building site and space, rather than for productive agricultural purposes.

**CREMATORIUM:** a building fitted with the proper appliances for the purposes of the cremation of human and animal remains and includes everything incidental or ancillary thereto.

**DAYCARE CENTRE:** Any kind of group daycare programs including eldercare or aged adults, nurseries for children of working parents, nursery schools for children under the age for education in public schools or parent cooperative nursery schools and programs covering after school care for school children provided such an establishment is approved by the provincial government and conducted in accordance with provincial requirements.

**DEMOLITION PERMIT:** a permit issued for the removal or dismantling of a building or structure within the Municipality's boundaries as prescribed under Section 13 of *The Uniform Building and Accessibility Standards Act*.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**DEVELOPMENT:** the carrying out of any building, engineering, mining or other operations in, on or over land or the making of any material change in the use of any building or land, the moving of any building or structure onto land, the moving of a mobile home or trailer coach onto land, and the opening or stripping of land for the purpose of removing therefrom sand, gravel or other aggregate resources.

**DEVELOPMENT AGREEMENT:** the legal agreement between a developer and the Municipality which specifies the all obligations and the terms and conditions for the approval of a development pursuant to section 172 of *The Planning and Development Act, 2007*.

**DEVELOPMENT OFFICER:** an individual appointed by the Council of the Municipality to act as a Development Officer to administer this Bylaw.

**DEVELOPMENT PERMIT:** a permit issued by the Municipality that authorizes development, but does not include a Building Permit.

**DIRECTIONAL SIGNAGE:** signage located off-site providing direction to and information about a specific enterprise or activity which does not contain general advertising.

**DISCRETIONARY USE:** a use of land or buildings or form of development that is prescribed as a discretionary use in the Zoning Bylaw; and requires the approval of Council pursuant to Section 56 of *The Planning and Development Act, 2007*.

**DORMITORY:** sleeping quarters or entire buildings primarily providing sleeping and residential quarters for large numbers of people.

**DWELLING:** a building or part of a building designed exclusively for residential occupancy.

**DWELLING, DUPLEX:** a building that is divided into two (2) dwelling units, one upper and one lower, with separate entrances.

**DWELLING, MULTIPLE UNIT:** a building containing three (3) or more dwelling units and shall include condominiums, townhouses, row houses, and apartments as distinct from a rooming house, hotel, or motel.

**DWELLING, SEMI-DETACHED:** a building divided into two (2) dwelling units by a common vertical wall extending from the base of the foundation to the roofline.

Semi-Detached Dwelling

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**DWELLING, SINGLE-DETACHED:** a building containing only one (1) dwelling unit, as herein defined, and occupied or intended to be occupied as a permanent residence, including a RTM when attached to a conventional foundation on the site, but not including a mobile or modular home as defined.

Single-Detached Dwelling

**DWELLING, TOWN (ROW) HOUSE:** a dwelling, designed as one cohesive building in terms of architectural design, which contains three (3) or more similar attached dwelling units each of which fronts on a street, has direct access to the outside at grade and is not wholly or partly above another dwelling.

Town House Dwelling

**DWELLING GROUP:** a group of single-detached, semi-detached, or multiple unit dwellings clustered on one lot or site, built as one development.

**DWELLING UNIT:** a separate set of living quarters, whether occupied or not, usually containing sleeping facilities, sanitary facilities and a kitchen or kitchen components, but does not include boarding houses or rooming units. For the purposes of this definition, "kitchen components" include, but are not limited to, cabinets, refrigerators, sinks, stoves, ovens, microwave ovens or other cooking appliances and kitchen tables and chairs.

**ELEVATION:** the height of a point on the earth's surface above sea level.

**ENVIRONMENTAL RESERVE:** lands that have been dedicated to the Municipality by the developer of a subdivision as part of the subdivision approval process. Environmental Reserves are those lands that are considered undevelopable and may consist of a swamp, gully, ravine, coulee or natural drainage course, or may be lands that are subject to flooding or are considered unstable. Environmental Reserve may also be a strip of land, not less than 6.0 metres (19.69 feet) in

**GENERAL COMMERCIAL TYPE I:** those developments where activities and uses are primarily carried on within an enclosed building intended to provide for the merchandising of refined goods and services targeted for the travelling public and the surrounding community for financial gain.

**GENERAL COMMERCIAL TYPE II:** those developments where activities and uses are primarily carried on within an enclosed building intended to provide for the merchandising of refined goods and services and in addition may involve outside storage. Some minor manufacturing of goods may occur inside or outside.

**GENERAL INDUSTRY TYPE I:** those developments where activities and uses are primarily carried on within an enclosed building where no significant nuisance factor is created or is apparent outside an enclosed building. Developments of this type shall not pose, in the opinion of a Development Officer, any significant risk of interfering with the amenity of adjacent sites because of the nature of the site, materials or processes and shall include but not be limited to the following activities:

- a) the assembling of goods, products or equipment;
- b) the limited processing of raw, value-added or finished materials;
- c) the storage or trans-shipping of materials, goods and equipment;.
- d) the training of personnel in general industrial operations.

It may include any indoor display, office, technical or administrative support areas or any sales operation accessory to the general industrial uses.

**GENERAL INDUSTRY TYPE II:** those developments in which all or a portion of the activities and uses are carried on outdoors, without any significant nuisance or environmental factors such as noise, appearance, or odor, extending beyond the boundaries of the site. Developments of this type shall not pose, in the opinion of a Development Officer, any significant risk of interfering with the amenity of adjacent sites because of the nature of the site, materials or processes and shall include but not be limited to the following activities:

- a) manufacturing, fabricating, processing, assembly, finishing, production or packaging of materials, goods or products;
- b) the storage or trans-shipping of materials, goods and equipment;
- c) the cleaning, servicing, repairing or testing of materials, goods and equipment normally associated with industrial or commercial businesses or cleaning, servicing and repair operations to goods and equipment associated with personal or household use, where such operations have impacts that would make them incompatible in non-industrial districts.

**GENERAL INDUSTRY TYPE III (EXCLUSIONARY USES):** refers to certain industrial activities that maybe characterized as exhibiting a high potential for adversely affecting the safety, use, amenity or enjoyment of adjacent and nearby industrial and non-industrial sites due to their scale, appearance, noise, odor, emissions and hazard potential. Such activities are considered exclusionary when the only means of mitigating the associated negative effects on surrounding land uses is through spatial separation. Such uses would include but not be limited to the following: landfill, ethanol plant, transformer stations, uranium refiners, anhydrous ammonia storage and distribution centres.

**GEOTECHNICAL ASSESSMENT:** an assessment or estimation by a qualified expert of the earth's subsurface and the quality and/or quantity of environmentally mitigative measures that would be necessary for development to occur.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**SIGNAGE, OFF-PREMISE IDENTIFICATION:** a sign that is located separate and apart from the land on which the business or activity is located.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**SIGNAGE, REAL ESTATE:** signage directly associated with the sale of property in which it is located and which maintains a gross surface area of less than 1 m<sup>2</sup>.

**SIGNS, INCIDENTAL:** are signs located on a development site which are intended for the direction of control of traffic, pedestrians or parking and which do not contain any advertising.

**SITE:** an area of land, consisting of one or more lots consolidated under a single Certificate of Title, considered as a unit devoted to a certain use or occupied by a building or a permitted group of buildings, and the customary accessories and open spaces belonging to the same.

**SITE AREA:** the total horizontal area within the site lines of a site.

**SITE CORNER:** a site at the intersection of two or more public streets, or upon two parts of the same street, the adjacent sides of which street or streets (or, in the case of a curved corner, the tangents at the street extremities of the side site lines) contain an angle of not more than one hundred and thirty-five degrees (135°). In the case of a curved corner, the corner of the site shall be that point on the street at the point of intersection of the said tangents.

**SITE DEPTH:** the horizontal distance between the front site and rear site lines, but where the front and rear site lines are not parallel the site depth is the length of a line joining the midpoint of such site lines.

**SITE FRONTAGE:** the boundary that divides the site from the street or road. In the case of a corner site, the front site line shall mean the boundary separating the narrowest street frontage of the site from the street. Site frontage for a non-rectangular site shall be defined as the mean of the measured front and rear site lines. Site frontage does not mean front yard.

**SITE LINE:** any boundary of a site, front, rear or side.

**SITE WIDTH:** the horizontal distance between the side boundaries of the site measured at a distance from the front lot line equal to the minimum front yard required for the district in which the site is located.

**SOLAR ENERGY SYSTEM:** a system capable of collecting and converting solar radiation into electrical energy by the use of semiconductor devices, called photovoltaic cells, which generate electricity when exposed to sunlight. The system includes the electrical generating and accessory facilities including but is not limited to photovoltaic panels, mounting racks and hardware, cable and wiring, collection and supply equipment, transformer and a substation.

**SOLAR ENERGY SYSTEM, ROOF-MOUNT:** a solar energy system consisting of solar panels installed directly on the roof of a building. Solar panels are mounted and secured using racking systems specifically designed to minimize the impact on the roof and prevent any leaks or structural damage.

**SOLAR ENERGY SYSTEM, GROUND-MOUNT:** a solar energy system that is directly installed on specialized solar racking systems, which are attached to an anchor in the ground.

**SOLAR FARM:** A ground-mounted solar energy system designed to provide for commercial distribution of electricity to a utility or other entities with a rated capacity of more than 100 kW.

**SPORT FIELD:** an open space set aside for the playing of sports and may include benches or bleachers for observers but where there is no charge made for spectators.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**STRUCTURE:** anything that is erected, built or constructed of parts joined together and supported by the soil or any other structure requiring a foundation to hold it erect, but not including pavement, curbs, walks or open air surfaced areas.

**STAKEHOLDERS:** individuals, groups or organizations who have a specific interest or 'stake' in a particular need, issue, situation or project and may include members of the local community (residents, businesses, workers, representatives such as Councilors or politicians); community groups (services, interest groups, cultural groups clubs, associations, churches, mosques, temples); or local, state and federal governments.

**STOCKYARD:** an enclosed yard where livestock is kept temporarily.

**STOREY:** the space between the top of any floor and the top of the next floor above it; and if there is no floor above it, the portion between the top of the floor and the ceiling above it.

**STREET (ROAD):** a site owned by the Provincial Crown which provides the principal legal public vehicular access to abutting sites, but shall not include an easement or lane.

**SUBDIVISION:** a division of land, and includes a division of a quarter section into legal subdivisions as described in the regulations made pursuant to *The Land Surveys Act, 2000*.

**TAVERN:** an establishment, or portion thereof, where the primary business is the sale of beverage alcohol for consumption on the premises, with or without food, and where no live entertainment or dance floor is permitted. A brew pub may be considered a tavern if beverage alcohol is manufactured and consumed on site under a valid manufacturer's permit in accordance with the *Alcohol Control Regulations*.

**(TELE)COMMUNICATION FACILITY:** a structure situated on a non-residential site that is intended for transmitting or receiving television, radio, or telephone communications, excluding those used exclusively for dispatch communications.

**TEMPORARY SIGN:** a sign which is not permanently installed or affixed in position, advertising a product or activity on a limited basis.

**TOWER:** any structure used for the transmission or reception of radio, television, telecommunications, mechanical or electrical energy for industrial, commercial, private or public uses, or for the storage of any substance of liquid.

**TOWER HEIGHT:** the height above-ground of the fixed portion of the tower, excluding any wind turbine and rotors.

**TRAFFIC CONTROL SIGNAGE:** a sign, signal, marking or any device placed or erected by the Municipality or Saskatchewan Ministry of Highways and Infrastructure.

**TRAILER COACH:** any vehicle used or constructed in such a way as to enable it to be used as a conveyance upon public streets or highways and includes a self-propelled or non-self-propelled vehicle designed, constructed or reconstructed in such a manner as will permit the occupancy thereof as a dwelling or sleeping place for one or more persons notwithstanding that its running gear is removed or that it is jacked up.

**TRAILER COURT:** any site on which two or more occupied trailer coaches are permitted to be harboured, whether or not a charge is made or paid, and includes any building or structure used

## RM of Excel No. 71 Zoning Bylaw No. 20-13

or intended for use as a part of the equipment of such trailer court, but shall not include an industrial or construction camp, or a mobile home park.

**TRUCKING FIRM ESTABLISHMENT:** the use of land, buildings or structures for the purpose of storing, servicing, repairing, or loading trucks, transport trailers and/or buses, but does not include automobile service stations or transportation sales or rental outlets.

**USE:** the purpose or activity for which any land, building, structure, or premises, or part thereof is arranged, designed, or intended, or for which these may be occupied or maintained.

**VACATION FARM:** an operating farm which may, on a day basis or for overnight purposes, offer a farm life experience to groups, families, or individuals and which may provide either or both of the following:

- a) rental accommodation in the farm dwelling or adjacent private cabins comprising one or more rooms furnished in such a way to enable the preparation of meals if full board is not provided;
- b) a tract of land on which one or more camping, tenting or parking sites is located, and the provision of electricity, potable water and toilet facilities to any of the persons, families, groups occupying any of such sites.

**VALUE-ADDED:** the increase in value generated by a company or individual through the additional processing or sale of raw materials along the production chain.

**VERTICAL INTEGRATION:** the accommodation of multiple complimentary activities which could be considered principal permitted uses under single or multiple ownership within one or more buildings on a single parcel where these uses are considered to provide additional processing and/or the sale of manufactured goods produced on-site.

### **VETERINARY CLINICS (SEE CLINICS)**

**WAREHOUSE:** a building used for the storage and distribution or wholesaling of goods and materials.

**WASTE DISPOSAL FACILITY, LIQUID:** a facility to accommodate any waste which contains animal, aggregate or vegetable matter in solution or suspension, but does not include a septic system for a single residence or farmstead, or a manure storage area for an intensive livestock operation.

**WASTE DISPOSAL FACILITY, SOLID:** a facility, not including a waste transfer station or a temporary storage facility, to accommodate discarded materials, substances or objects which originated from residential, commercial, institutional and industrial sources which are typically disposed of in municipal or private landfills, but not including dangerous goods, hazardous waste or biomedical waste.

**WHOLESALE:** the sale of commodities to retailers or jobbers and shall include the sale of commodities for the purpose of carrying on any trade or business.

**WATERBODY:** any location where water flows or is present, whether or not the flow or the presence of water is continuous, intermittent or occurs only during a flood, and includes but is not limited to, wetlands and aquifers.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

**WATERCOURSE:** a river, stream, creek, gully, ravine, spring, coulee, valley floor, drainage ditch or any other channel having a bed and sides or banks in which water flows either permanently or intermittently.

**WATERSHED:** the land area from which surface run-off drains into a stream, channel, lake, reservoir, or other body of water; also called a drainage basin.

**WETLAND:** land having the water table at, near, or above the land surface or which is saturated for a long enough period to promote wetland or aquatic processes as indicated by hydric soils, hydrophytes (“water loving”) vegetation, and various kinds of biological activity which are adapted to the wet environment.

**WIND ENERGY SYSTEM (SMALL):** any wind energy conversion system consisting of a wind turbine, a tower and associated control or conversion electronics, which has a rated capacity of not more than 300 kW, and is intended to provide electrical power for use on-site (either behind the meter or off-grid) and is not intended or used to produce power for resale.

**WIND FARM:** a group of wind turbines in the same location used for the production of electric power. Individual turbines are generally interconnected with voltage power collection and transmission systems.

**WINDMILL:** A rotating machine which converts kinetic wind energy directly to mechanical energy for traditional agricultural purposes such as pumping water.

**WIND TURBINE/WIND POWER UNIT:** A rotating machine which converts kinetic wind energy into mechanical energy and then electrical energy primarily for private use.

**YARD:** the open, unoccupied space on a lot between the property line and the nearest wall of a building and any part of a site unoccupied and unobstructed by a principal building or structure, unless authorized in this Bylaw.

**YARD, FRONT:** that part of a site which extends across the full width of a site between the front site line and the nearest main wall of a building or structure.

**YARD, REAR:** that part of a site which extends across the full width of a site between the rear site line and the nearest main wall of a building or structure.

**YARD, REQUIRED:** the minimum yard required by a provision of this Bylaw.

**YARD, SIDE:** the part of a site which extends from a front yard to the rear yard between the side line of a site and the nearest main wall of a building or structure.

## 3 ADMINISTRATION AND INTERPRETATION

### 3.1 DEVELOPMENT OFFICER

- .1 The Administrator of the Rural Municipality of Excel No.71 shall be the Development Officer responsible for the administration of this Bylaw and in their absence by such other designate of the Municipality as the Council designates from time to time.
- .2 The Development Officer shall:
  - a) receive, record and review Development Permit applications and issue decisions in consultation with Council, particularly those decisions involving subdivision, discretionary uses, Development Permit conditions, and development and servicing agreements;
  - b) maintain, for inspection by the public during office hours, a copy of this Bylaw, Zoning maps and amendments, and ensure that copies are available to the public at a reasonable cost;
  - c) make available, for public inspection during office hours, a register of all Development Permits and subdivision applications and decisions;
  - d) collect development fees according to the fee schedule established by a separate Bylaw; and
  - e) perform other duties as determined by Council.
- .3 The Development Officer shall be empowered to make a decision, in consultation with Council, regarding a Development Permit application for a "Permitted Use."

### 3.2 COUNCIL

- .1 Council shall make all decisions regarding discretionary uses, development and servicing agreements, and Zoning Bylaw amendments.
- .2 Council shall make a recommendation regarding all subdivision applications circulated to it by Saskatchewan Ministry of Government Relations prior to a decision being made by the Minister.
- .3 Council shall act on discretionary use, rezoning and subdivision applications in accordance with the procedures established by *The Planning and Development Act, 2007* and in accordance with the Official Community Plan.

### 3.3 APPLICATION FOR A DEVELOPMENT PERMIT

- .1 Unless the proposed development or use is exempt from Development Permit requirements, before commencing any principal or accessory use development, including a public utility use, every developer shall:
  - a) complete and submit a Development Permit application, and (refer to Development Permit application form in Appendix A); and
  - b) receive a Development Permit for the proposed development.
- .2 A Development Permit shall not be issued for any use in contravention of any of the provisions of this Bylaw and the Official Community Plan.
- .3 Except where a particular development is specifically exempted by Section 3.5 of this Bylaw, no development or use shall commence without a Development Permit first being obtained.

### 3.4 CONCURRENT PROCESSING OF DEVELOPMENT PERMITS, BUILDING PERMITS AND BUSINESS LICENSES

A Building Permit, where required, shall not be issued unless a Development Permit has been issued, or is issued concurrently. Nothing in this Bylaw shall exempt any person from complying with a Building Bylaw, or any other Bylaw in force within the Municipality, or from obtaining any permission required by this or any other Bylaw of the Municipality, the province or the federal government.

### 3.5 DEVELOPMENT NOT REQUIRING A PERMIT

- .1 The following developments shall be exempt from Development Permit requirements, but shall conform to all other Bylaw requirements (e.g., building permits, setbacks, environmental and development standards).
- .2 The landowner of a development that does not require a Development Permit shall be required to submit a site plan showing the location of proposed building or structure in relation to the boundaries of the property and shall provide measurements to ensure that all required setbacks are met.
- .3 Agricultural Zoning districts
  - a) accessory farm buildings or structures under 100 m<sup>2</sup> (1000 ft<sup>2</sup>) where applied to a principal agricultural use within an appropriate zoning district established by this Bylaw;
  - b) accessory non-farm buildings or structures under 9.3m<sup>2</sup> (100 ft<sup>2</sup>) where applied to a principal permitted use within an appropriate Zoning District established by this Bylaw;

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- c) the temporary placement of a trailer during the construction or alteration of a primary structure for a term not to exceed that provided by an active approved building permit issued for the project.
- .4 Hamlet and Country Residential Zoning Districts
- a) buildings and structures under 9.3 m<sup>2</sup> (100 ft<sup>2</sup>), which are accessory to a principal, residential use except where such dwelling is a discretionary use;
  - b) the erection of any fence, wall, gate, television antennae, or radio antennae; and
  - c) relocation of any residential or accessory building provided development standards are still met on the site.
- .5 Commercial/Industrial Zoning Districts
- a) buildings and structures under 9.3 m<sup>2</sup>(100 ft<sup>2</sup>) that are accessory to a permitted, principal, commercial use, except where such use is discretionary;
  - b) the erection of any fence or gate; and
  - c) a temporary building, the sole purpose of which is incidental to the erection or alteration of a building for which a building permit has been granted.
- .6 Accessory Uses: All accessory uses, unless otherwise specified in this Bylaw.
- .7 Official Uses: Uses and buildings undertaken, erected, or operated by the Rural Municipality of Excel No.71
- .8 Internal Alterations
- a) Residential Buildings: Internal alterations to a residential building, provided that such alterations do not result in a change of use or an increase in the number of dwelling units within the building or on the site;
  - b) All other Buildings: Internal alterations and maintenance to other buildings, including mechanical or electrical work, provided that the use, or intensity of use of the building, does not change.
- .9 Landscaping: Landscaped areas, driveways and parking lots, provided the natural or designed drainage pattern of the site and adjacent sites are not adversely impacted.
- .10 Notwithstanding anything contained in this Bylaw, federally regulated and licensed communication towers shall be exempt from all Development Permit and bylaw regulations.

### 3.6 CONCEPT PLANS (COMPREHENSIVE DEVELOPMENT REVIEW)

- .1 A Concept Plan (Comprehensive Development Review) shall be completed prior to consideration of an application by Council by any person proposing to rezone, subdivide, or re-subdivide land for multi-parcel country residential, commercial or industrial purposes.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

The purpose of this review is to identify and address social, environmental, health and economic issues and to encourage high quality development. The scope and required detail of the Concept Plan will be based on the scale and location of the proposed development, and address the following:

- a) proposed land use(s) for various parts of the area;
  - b) the effect on adjacent land uses and integration of the natural landscape regarding the planning and design of the area;
  - c) the location of, and access to, major transportation routes and utility corridors;
  - d) the provision of services respecting the planning for future infrastructure;
  - e) sustainable development and environmental management practices regarding surface and groundwater resources, flooding and protection of significant natural areas; and
  - f) appropriate information specific to the particular land use (residential, commercial or industrial).
- .2 The Concept Plan (Comprehensive Development Review) must be prepared in accordance with the overall goals and objectives of the Official Community Plan. Council shall not consider any development application until all required information has been received. The responsibility for undertaking all administrative reviews, technical investigations and hosting public meetings as required shall be borne solely by the applicant.

### 3.7 DEVELOPMENT PERMIT PROCEDURE

- .1 Where an application for a Development Permit is made for a permitted or accessory use in conformity with this Bylaw, *The Planning and Development Act, 2007* and all other municipal Bylaws, the Council shall hereby direct the Development Officer to issue a Development Permit.
- .2 As soon as an application has been made for a Development Permit and prior to making a decision, the Development Officer may refer the application to whichever government agencies or interested groups Council may consider appropriate. The Development Officer may also require the application to be reviewed by planning, engineering, legal, or other professionals, with the cost of this review to be borne by the applicant.
- .3 A copy of all approved Development Permit applications involving the installation of water and sanitary services shall be sent to the local District Health Region.
- .4 Upon approval of a permitted or accessory use, the Development Officer shall issue a Development Permit for the use at the location and under such terms and development standards specified by the Official Community Plan and this Bylaw.
- .5 The applicant shall be notified in writing of the decision of their application. The applicant shall be advised of their right to appeal a decision to the Development Appeals Board on a permitted or accessory use application and any terms and conditions attached to an application.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .6 A Development Officer may incorporate specific development standards in a Development Permit for a permitted use to ensure development and application conformity with the Zoning Bylaw. The development standards shall be based on the provisions in the General Regulations section and other defined requirements of the Zoning Bylaw or Official Community Plan.
- .7 A Building Permit, where required, shall not be issued unless a Development Permit has been issued, or is issued concurrently.
- .8 A Development Permit is valid for a period of twelve (12) months unless otherwise stipulated when the permit is issued.
- .9 Where the Development Officer determines that a development is being carried out in contravention of any condition of the Official Community Plan or any provision of this Bylaw the Development Officer shall suspend or revoke the Development Permit and notify the permit holder that the permit is no longer in force.
- .10 Where the Municipality is satisfied that a development, the permit for which has been suspended or revoked, will be carried out in conformity with the conditions of the permit and the requirements of this Bylaw the Municipality may reinstate the Development Permit and notify the permit holder that the permit is valid and in force.

### 3.8 DISCRETIONARY USE APPLICATION PROCEDURE

- .1 The following procedures shall apply to discretionary use applications:
  - a) Applicants must file with the Development Officer the prescribed application form, a site plan, any other plans and supplementary information as required by the Development Officer and pay the required application and public hearing fees.
  - b) The Development Officer shall examine the application for conformance with the Official Community Plan, this Bylaw, and any other applicable policies and regulations and shall advise the Council as soon as practical.
  - c) Council may refer the application to whichever government agencies or interested groups, as Council may consider appropriate. Council also may require the application to be reviewed by planning, engineering, legal, or other professionals, with the cost of this review to be borne by the applicant.
  - d) The Development Officer shall direct the applicant for a discretionary use, or carry out on behalf of the applicant, the advertisement of the proposed use by posting a notice in the municipal office and by mailing a copy of the notice to the assessed owner of each abutting property and each assessed owner of property within a 1.6 kilometre (1 mile) radius of the proposed development (75.0 metres if the development is proposed within or adjacent to a Hamlet). The notice shall provide notification of an upcoming public hearing date and an opportunity to provide written comment on the proposal.
  - e) The Development Officer will prepare a report concerning the application which may contain recommendations, including recommendations that conditions of approval be applied in accordance with Section 54 of *The Planning and Development Act, 2007*.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- f) The Development Officer will set a date for the public hearing at which time the application will be considered by Council and, if deemed necessary, provide notice to assessed owners of property indicating so within the information packages provided as part of the notification process.
  - g) Council shall consider the application together with the reports of the Development Officer and any written or verbal submissions received by Council.
  - h) Council may reject the application or approve the application with or without conditions, including a condition limiting the length of time that the use may be conducted on the site.
  - i) The applicant shall be notified of Council's decision by regular mail addressed to the applicant at the address shown on the application form.
- .2 Discretionary uses, discretionary forms of development, and associated accessory uses shall conform to the development standards and applicable provisions of the Zoning District in which they are located.
- .3 The following criteria must be considered in the review of discretionary use applications:
- a) The proposal must be in conformance with all relevant sections of the Official Community Plan and Zoning Bylaw;
  - b) There must be a demand for the proposed use in the general area, and a supply of land currently available in the area capable of accommodating the proposed use;
  - c) The proposal must be capable of being economically serviced including roadways, water and sewer services, and other supportive utilities and community facilities; and
  - d) The proposal must not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity or injurious to property, improvements or potential development in the vicinity.
- .4 In approving a discretionary use application, Council may prescribe specific development standards with respect to that use or form of development, provided those standards are necessary to secure the following objectives:
- a) The proposal, including the nature of the proposed site, the size, shape and arrangement of buildings, and the placement and arrangement of lighting and signs, must be generally compatible with the height, scale, setbacks and design of buildings in the surrounding area, and with land uses in the general area, including safeguards to prevent noise, glare, dust, or odour from affecting nearby properties.
  - b) The proposal must provide adequate access and circulation for the vehicle traffic generated, as well as providing an adequate supply of on-site parking and loading spaces; and
  - c) The proposal must provide sufficient landscaping and screening, and, wherever possible, shall preserve existing vegetation.
- .5 Council may approve a discretionary use application for a limited time period where it is considered important to monitor and re-evaluate the proposal and its conformance with the provisions of this Bylaw.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .6 Upon approval of a discretionary use by resolution of Council, the Development Officer shall issue a Development Permit for the discretionary use at the location and under such terms and development standards specified by Council in its resolution.
- .7 Council's approval of a discretionary use application is valid for a period of twelve (12) months from the date of the approval. If the proposed use or proposed form of development has not commenced within that time, the approval shall no longer be valid. The Development Officer shall advise the applicant and Council when a prior approval is no longer valid.
- .8 The applicant shall be notified in writing of the decision of their application. The applicant shall be advised of their right to appeal any terms and conditions attached to a discretionary use application to the Development Appeals Board.

### 3.9 INTERPRETATION

- .1 Where any provision of this Bylaw appears unclear, Council shall make the final Bylaw interpretation.
- .2 All Bylaw requirements shall be based on the stated metric units. The imperial units shown in this Bylaw shall be approximate guidelines only.

### 3.10 REFUSAL OF DEVELOPMENT PERMIT APPLICATION

- .1 An application for a Development Permit shall be refused if it does not comply with all Zoning Bylaw requirements. The reasons for a Development Permit refusal shall be stated on the refused Development Permit application.
- .2 Where an application for a Development Permits has been refused, the Council (in the case of a proposed discretionary use) or the Development Officer (in all other cases) may refuse to accept another application for the same or a similar development on the same site, until six (6) months from the date of the approving authority's decision. The Development Officer shall not accept another application for the same development until six (6) months have passed from the date of a refusal by either the local Development Appeals Board or the Saskatchewan Municipal Board.
- .3 The applicant shall be notified of the Right to Appeal a decision to the local Development Appeals Board in accordance with the requirements of *The Planning and Development Act, 2007*.

### 3.11 DEVELOPMENT APPEALS BOARD

#### Right to Appeal

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .1 Section 219 of *The Planning and Development Act 2007* provides the right to appeal the Zoning Bylaw where a Development Officer:
  - a) is alleged to have misapplied the Zoning Bylaw in issuing a Development Permit;
  - b) refuses to issue a Development Permit because it would contravene the Zoning Bylaw; or
  - c) issues an order, based on inspection, to the owner, operator or occupant of land, buildings or premises considered to contravene the Zoning Bylaw.
- .2 Appellants also may appeal where they are of the opinion that development standards prescribed by the Municipality with respect to a discretionary use exceed those necessary to secure the objectives of the Zoning Bylaw and the Official Community Plan. This right of appeal extends thirty (30) days after the issuance or refusal of a Development Permit or order.

### 3.12 DEVELOPMENT PERMIT APPLICATION FEES

- .1 An applicant seeking the approval of a Development Permit application shall pay an application fee in accordance with the fee schedule set in a the Development Fee Bylaw. (Separate fees may be charged for each type of permit (permitted use, discretionary use, accessory use, etc.).)
- .2 There shall be no Development Permit application fee for accessory buildings to an agricultural or country residential use, sign permits, licenses for home occupations or other forms of business licenses, except where stated in the Development Fee Bylaw.

### 3.13 DISCRETIONARY USE APPLICATION FEES

- .1 An applicant seeking a discretionary use approval shall pay the fee in accordance with the fee schedule set in the Development Fee Bylaw.
- .2 The Development Officer shall publish a notice of the application in accordance with the provisions of *The Planning and Development Act, 2007*, whereby the applicant shall pay to the Municipality a fee equal to the costs associated with the public advertisement.

### 3.14 FEE FOR ZONING AMENDMENT APPLICATION

When an application is made to Council for an amendment to this Bylaw, the applicant making the request shall bear the actual cost of advertising such zoning amendment as permitted by *The Planning and Development Act, 2007*. Council also may require the applicant to pay all costs incurred in administrative or professional review of the application and in carrying out a public hearing.

### 3.15 HOLDING ZONE PROVISIONS

- .1 Where on the Zoning District Map the symbol for a zoning district has suffixed to it the holding symbol “H”, any lands so designated on the map shall be subject to a holding provision in accordance with Section 71 of *The Planning and Development Act, 2007*.
- .2 The purpose of the holding provisions shall be to enable Council to manage development and subdivision proposals in phases.
  - a) The application and management of the holding provision shall be at Council’s discretion;
  - b) Council may rezone and manage development and subdivision in phases by designating portions of land with a holding symbol (e.g. “H”), in conjunction with any zone design (e.g. CR-H).
  - c) The holding provision and symbol shall mean that:
    - i. Development shall be restrictively managed under the holding provision;
    - ii. Existing uses may continue, subject to the Official Community Plan and Zoning Bylaw development and subdivision standards.
  - d) The holding designation may only be removed by amendment to the Zoning Bylaw. All bylaws removing the holding designation shall conform to the Official Community Plan and the provisions of *The Planning and Development Act, 2007*.

### 3.16 PLANNED UNIT DEVELOPMENT

- .1 Specific zone regulations shall not apply to Planned Unit Development Contract Zoning. Uses permitted within a PUD include: residential, commercial, light industrial recreation and open space. However, the project shall produce an environment of stable and desirable character and shall incorporate at least equivalent standards of building separation, parking, height and other requirements and provisions of this Bylaw.
- .2 Planned Unit Development Contract Zoning shall be regulated through a Contract Zoning agreement which is registered as an Interest (caveated) on the title at Land Registry of Information Services Corporation (ISC).

### 3.17 REFERRAL UNDER THE PUBLIC HEALTH ACT

- .1 The Development Officer shall make available, in addition to plumbing permits and plan information, a copy of all approved Development Permit applications involving installation of water and sanitary services, should such information be requested by provincial officials under the *Public Health Act*.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .2 The Development Officer, in conjunction with the District Health Authority shall determine the suitability of a parcel proposed for subdivision to accommodate a private sewage treatment system during the subdivision review process. The review process indicates the level of assessment required and upon this determination provides the submittal requirements as well as identifies the qualifications required for the site assessor.
- .3 All submissions required are the responsibility of the developer. The final review of a subdivision will not be completed prior to the receipt and evaluation of all required information by the Development Officer, the District Health Authority and any other relevant agencies deemed necessary by the Municipality.

### 3.18 MINOR VARIANCES

- .1 The Development Officer upon consultation with the applicable Division Councillor, may vary the requirements of this Bylaw subject to the following requirements:
  - a) a minor variance may be granted for the following only:
    - i. minimum required distance of a building from a lot line; and
    - ii. the minimum required distance of a building from any other building on the lot;
  - b) The maximum amount of a minor variance shall be 10% variation from the requirements of this Bylaw.
  - c) The development must conform to all other requirements of this Bylaw;
  - d) The relaxation of the Bylaw requirement must not injuriously affect a neighbouring property; and
  - e) No minor variance shall be granted for a discretionary use or form of development, or in connection with an agreement to rezone pursuant to Section 60 of *The Planning and Development Act 2007*.
- .2 An application form for a minor variance shall be in a form prescribed by the Development Officer and shall be accompanied by an application fee as set in the fee schedule set in the Planning and Development Fee Bylaw.
- .3 Upon receipt of a minor variance application the Development Officer may:
  - a) approve the minor variance;
  - b) approve the minor variance and impose terms and conditions on the approval; or
  - c) deny the minor variance.
- .4 Terms and conditions imposed by the Development Officer shall be consistent with the general development standards in this Bylaw.
- .5 Where a minor variance is refused, the Development Officer shall notify the applicant in writing, providing reasons for the refusal.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .6 Where a minor variance is approved, with or without terms, the Development Officer shall provide written notice to the applicant and to the assessed owners of the property having a common boundary with the applicant's land that is the subject of the approval.
- .7 The written notice shall contain:
  - a) a summary of the application;
  - b) reasons for and an effective date of the decision;
  - c) notice that an adjoining assessed owner has twenty (20) days to lodge a written objection with the Development Officer, which, if received, will result in the approval of the minor variance being revoked; and
  - d) where there is an objection and the approval is revoked, the applicant shall be notified of the right to appeal to the Development Appeals Board.
- .8 A decision to approve a minor variance, with or without terms and conditions, does not take effect until twenty-three (23) days from the date the notice was provided.
- .9 If an assessed owner of a property having an adjoining property with the applicants land objects to the minor variance in writing to the Development Officer within the prescribed twenty (20) day time period, the approval is deemed to be revoked and the Development Officer shall notify the applicant in writing:
  - a) of the revocation of the approval; and
  - b) of the applicant's right to appeal the revocation to the Development Appeals Board within thirty (30) days of receiving the notice.
- .10 If an application for a minor variance is refused or approved with terms or conditions, the applicant may appeal to the Development Appeals Board within thirty(30) days of the date of that decision.

### 3.19 NON-CONFORMING BUILDINGS, USES AND SITES

- .1 Any use of land or any building or structure lawfully existing at the time of passing this Bylaw that is rendered non-conforming by the enactment of this Bylaw or any subsequent amendments, may be continued, transferred, or sold in accordance with provisions of Section 88 to 93 inclusive, of *The Planning and Development Act, 2007*.
- .2 No enlargement, additions, or reconstruction of a non-conforming use, building or structure shall be undertaken, except in conformance with these provisions.
- .3 No existing use, building or structure shall be deemed to be nonconforming by reason only of the conversion of this Bylaw from the Metric System of Measurement to the Imperial System of Measurement where such non-conformity is resultant solely from such change and is reasonably equivalent to the metric standard herein established.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .4 No existing non-conforming site shall be deemed to be non-conforming by reason only of its dimensions or area failing to at least equal the standards prescribed for proposed sites in the Zoning District in which the site is located.

### 3.20 DEVELOPMENT PERMIT – INVALID

A Development Permit shall be automatically invalid and development shall cease, as the case may be:

- a) if the proposed development is not commenced within the period for which the Permit is valid;
- b) if the proposed development is legally suspended, or discontinued, for a period of six(6) or more months, unless otherwise indicated by Council or the Development Officer; when development is undertaken in contravention of this Bylaw, the Development Permit and specified development standards; and/or
- c) when a written appeal notice is received by the Development Appeals Board secretary regarding the Development Permit.

### 3.21 CANCELLATION

Council or the Development Officer may cancel a Development Permit, and when cancelled, development shall cease:

- a) where the Development Officer or Council is satisfied that a Development Permit was issued based on false or mistaken information;
- b) where new information is identified pertaining to environmental protection, flood potential, or slope instability; and/or
- c) when a developer requests a Development Permit modification.

### 3.22 STOP-WORK

The Development Officer may authorize action to stop any development which does not conform to this Bylaw, a development or servicing agreement, a Development Permit or condition, or an interest is registered (caveat) under this Bylaw.

### 3.23 OFFENCES AND PENALTIES

Any person who violates this Bylaw may be charged and liable on summary conviction to the penalties in *The Planning and Development Act, 2007*.

### 3.24 INSPECTION OF PREMISES

The Development Officer, or any official or employee of the Municipality acting under their direction, is hereby authorized to enter, at all reasonable hours, upon any property or premises in or about which there is reason to believe that provisions of this Bylaw are not being complied with, and for the purpose of carrying out their duties under this Bylaw in accordance with Section 242 of *The Planning and Development Act, 2007*.

### 3.25 BYLAW COMPLIANCE

Errors and/or omissions by any person administering or required to comply with the provisions of this Bylaw do not relieve any person from liability for failure to comply with the provisions of this Bylaw.

### 3.26 MOVING OF BUILDINGS

No building shall be moved within or into or out of the area covered by this Bylaw without obtaining a Development Permit from the Development Officer, unless such building is exempt under Section 3.5 of this Bylaw. An applicant shall pay the fee in accordance with the Planning and Development Fee Bylaw.

### 3.27 DEMOLITION OF BUILDINGS

No building shall be demolished without first obtaining a Demolition Permit from the Development Officer. Such Permit shall not be issued unless a proposal for the interim or long-term use or redevelopment of the site is also submitted, and the proposed use is in conformity with this Bylaw. A separate Development Permit is required for any redevelopment of the site.

### 3.28 TEMPORARY DEVELOPMENT PERMITS

- .1 The Development Officer may issue a temporary Development Permit, with specified conditions for a specified period of time, to accommodate developments incidental to approved construction, temporary accommodation, or temporary gravel operations or asphalt plants. Nothing in this Bylaw shall prevent the use of land, or the erection or use of any building or structure for a non-residential construction or work camp, tool shed,

## RM of Excel No. 71 Zoning Bylaw No. 20-13

scaffold, or other building or structure incidental to and necessary for construction work on the premises, but only for so long as such use, building, or structure is necessary for such construction work as has not been finished or abandoned.

- .2 Except in the Agricultural Resource District, buildings or structures shall not include a mobile home or motor home as a temporary use.

### 3.29 REGISTERING AN INTEREST (CAVEATS)

Council may require that development and servicing agreements and other documents registered as an interest on affected lands, to protect municipal and public interests.

### 3.30 DEVELOPMENT AGREEMENTS

Council may request a developer to enter into a development agreement to ensure development conformity with the Official Community Plan, and this Bylaw, pursuant to Section 171 to 176 inclusive, of *The Planning and Development Act, 2007*.

### 3.31 SERVICING AGREEMENTS

- .1 Where a development proposal involves subdivision, Council may require a developer to enter into a servicing agreement to ensure appropriate servicing pursuant to *The Planning and Development Act, 2007*. Council may direct the Administration to vary the agreement on a case-by-case basis, or not require it.
- .2 In accordance with Sections 172 to 176 inclusive, *The Planning and Development Act, 2007*, the agreement may provide for:
  - a) the undertaking and installation of storm sewers, sanitary sewers, drains, water mains and laterals, hydrants, sidewalks, boulevards, curbs, gutters, street lights, graded, graveled or paved streets and lanes, connections to existing services, area grading and levelling of land, street name plates, connecting and boundary streets, landscaping of parks and boulevards, public recreation facilities, or other works that Council may require, including both on-site and off-site servicing;
  - b) the payment of levies and charges, in whole or in part, for the capital cost of providing, altering, expanding or upgrading sewage, water, drainage and other utility services, public highway facilities or park and recreation space and facilities located within or outside the proposed subdivision and that directly or indirectly serve the proposed subdivision.

### 3.32 PERFORMANCE BONDS

The Municipality may require a developer to post and maintain a performance bond to ensure developer performance and to protect the public interest.

### 3.33 LIABILITY INSURANCE

Council may require developers to provide and maintain liability insurance to protect the Municipality, developer and public.

## 4 GENERAL REGULATIONS

The following regulations shall apply to all Zoning Districts in this Bylaw.

### 4.1 LICENSES, PERMITS AND COMPLIANCE WITH OTHER BYLAWS AND LEGISLATION

- .1 In their interpretation and application, the provisions of this Bylaw shall be held to be the minimum requirements adopted for the promotion of the public health, safety and general welfare.
- .2 Nothing in this Bylaw shall exempt any person from complying with the requirements of a Building Bylaw or any other Bylaw in force within the Rural Municipality of Excel No.73, or law within the Province of Saskatchewan or Canada; or from obtaining any license, permission, permit, authority, or approval required by this or any other Bylaw of the Rural Municipality of Excel No.71 or any law of the Province of Saskatchewan or Canada.
- .3 Where requirements in this Bylaw conflict with those of any other municipal, provincial, or federal requirements, the more stringent regulations shall prevail.

### 4.2 PRINCIPAL USE ESTABLISHED

In any Zoning District in this Bylaw, the principal use of the land must be established prior to any accessory buildings, structures, or uses being permitted.

- .1 Only one (1) principal building shall be permitted on any one site except for the following uses may have more than one principal building to accommodate the use:
  - a) farmyards;
  - b) public utility uses;
  - c) a private institution,
  - d) a multi-unit residential use;
  - e) recreational uses;
  - f) an agricultural use;
  - g) commercial or industrial uses;
  - h) uses allowed in a Contract Zoning agreement; or
  - i) Planned Unit Development District.
- .2 Council may, at its discretion, issue a Development Permit for additional principal developments, uses or businesses in Commercial and Industrial Zones.
- .3 Temporary uses may be permitted on a site where a principal development already exists, at Council's discretion.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .4 Notwithstanding anything contained in this Bylaw, where any land, building, or structure is used for more than one purpose, all provisions of this Bylaw relating to each use shall be complied with, but no dwelling shall be located within 3.0 metres (about 10 feet) of any other building on the site except to a building accessory to such dwelling.

### 4.3 ACCESSORY BUILDINGS, USES AND STRUCTURES

- .1 Subject to all other requirements of this Bylaw, an accessory building, use or structure is permitted in any Zoning District when accessory to an established principal use which is permitted or discretionary use in that same district, and for which a Development Permit has been issued.
- .2 No accessory building may be constructed, erected or moved on to any site prior to the time of construction of the principal building to which it is accessory.
- .3 Where a building on a site is attached to a principal building by a solid roof or by structural rafters, and where the solid roof or rafters extend at least one third of the length of the building wall that is common with the principal building, the building is deemed to be part of the principal building.
- .4 Unless otherwise specified in this Bylaw, a residential use shall not be defined as an accessory use. Accessory structures shall not be used as a dwelling unless approved as an additional agricultural dwelling.
- .5 Solar energy systems may be permitted as an accessory structure to an existing principal use if the solar system is:
  - a) Subordinate to the principal use and located on the same site as the principal use;
  - b) Used solely to produce electricity for the principal use(s) on the same site, including net metering;
  - c) Does not exceed a rated capacity of more than 100 kW;
  - d) Complies with all applicable electrical and building codes; and
  - e) Complies with zoning district setbacks as required for buildings.

### 4.4 USES PERMITTED IN ALL ZONING DISTRICTS

- .1 Nothing in this Bylaw shall prevent the use of any land as a public road, street or public park.
- .2 Nothing in this Bylaw shall prevent the erection of any properly authorized traffic sign or signal, or any sign or notice of any local or other government department or authority.
- .3 Nothing in this Bylaw shall prevent the use of any land for the erection of buildings or structures, or the installation of other facilities essential to the operation of public works or

## RM of Excel No. 71 Zoning Bylaw No. 20-13

utilities, provided that such use, building or structure shall be in substantial compliance with the relevant provisions of this Bylaw and shall not adversely affect the character or amenity of the area in which the same is located.

### 4.5 RESTORATION TO A SAFE CONDITION

Nothing in this Bylaw shall prevent the structural improvement or restoration to a safe condition of any building or structure, provided that such structural improvement or restoration shall not increase the height, area or volume so as to contravene the provisions of this Bylaw.

### 4.6 GRADING AND LEVELING OF SITES

- .1 Every development shall be graded and levelled at the owner's expense to provide for adequate surface drainage that does not adversely affect adjacent properties, or the stability of the land.
- .2 All excavations or filling shall be re-vegetated immediately after other construction activities conclude, with a suitable ground cover as may be necessary to prevent erosion.
  - a) all vegetation and debris in an area to be re-graded or filled must be removed from the site prior to site grading and levelling; and
  - b) all topsoil from an area that is to be re-graded must be stripped, stockpiled, and replaced on the re-graded area, or relocated to a site approved by the Municipality.
- .3 Where excavation or filling is proposed for any development in a Flood-hazard Overlay District, the Municipality may request comments of the Saskatchewan Water Security Agency prior to making a decision on the Development Permit application.

### 4.7 HEIGHT OF BUILDINGS

Where a maximum height of buildings is specified in any Zoning District, the maximum height shall be measured from average grade level to the highest point on the building exclusive of any chimney or antenna.

### 4.8 RESTRICTIONS ON CHANGES

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .1 The purpose for which any land or building is used shall not be changed, no new building or addition to any existing building shall be erected, and no land shall be severed from any site, if such change, erection or severance creates a situation that contravenes any of the provisions of this Bylaw applicable to each individual remaining building, accessory building, site or lot.
- .2 Notwithstanding the provisions of clause (.1) of this subsection, no person shall be deemed to have contravened any provision of this Bylaw if only part or parts of any site or lot has, or have, been conveyed to or acquired by the Municipality or the Province of Saskatchewan for a public work.

### 4.9 SIGNAGE ON NATURAL AND HUMAN HERITAGE SITES

Small plaques, markers, and interpretation signs will be encouraged on properties that have significant natural or human heritage resources, with the approval of the owner, and where the signage is appropriate in scale, design, and placement with the site and surrounding area, and does not cause safety concerns or negatively impact the heritage value of the site.

### 4.10 HERITAGE AND SENSITIVE AND CRITICAL WILDLIFE HABITAT

Where development is proposed in an area identified as containing critical wildlife habitat or heritage sensitive areas (See the Environmentally Sensitive Lands (ES) Overlay District), the Development Officer may require the applicant provide additional information as required by *The Wildlife Habitat Protection Act* (WHPA) and *The Heritage Property Act* or any other relevant provincial regulations.

### 4.11 FENCE AND HEDGE HEIGHTS

- .1 On corner lots, that portion of a lot contiguous to a public road allowance shall be considered as a front yard area for the purpose of applying the regulations herein.
- .2 Screening devices shall not locate within a sight triangle as defined in this Bylaw. Screen fences shall be consistent and complement the quality of building design and materials of the primary building. Screening devices shall not exceed 2.4 metres (8 feet) in height.

### 4.12 LANDSCAPE BUFFERS

- .1 Landscape buffers are intended to improve land use compatibility and environmental quality by recurring noise, lighting glare and other nuisances, or facilitating natural drainage.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .2 The Development Officer may require or approve screening for uses which involve the outdoor storage of goods, machinery, vehicles, building materials, waste materials or other similar uses.
- .3 For any non-residential use, Council may establish landscaping requirements for any permitted or discretionary use or Development Permit including berms, natural vegetation, planted vegetation, landscaping, trees, shrubs, fences, private signs and similar amenities.
- .4 Council may require all sites along Highways and associated service roads, which are developed for non-agricultural purposes, to be landscaped in the front yard. These requirements are provided in the individual Zoning Districts.
- .5 Country Residential acreages shall be encouraged to establish a shelterbelt, or vegetative landscape buffer around the residential use to reduce land use conflicts with adjacent agricultural uses and activities and to recognize the need for a windbreak.
- .6 The Development Officer may require that site landscaping be provided in conjunction with and addressed as part of any Development Permit approval in any Zoning District.

### 4.13 KEEPING OF DOMESTIC ANIMALS

The keeping of domestic animals is permitted in all Zoning Districts, subject to relevant Bylaws and legislation governing noise and public health; however, breeding kennels and boarding kennels are discretionary uses within select Zoning Districts.

### 4.14 BUILDING AND SITE MAINTENANCE

- .1 The outdoor storage or collection of goods and materials is prohibited in a front yard in any Commercial, Industrial, or Country Residential District. Outdoor storage is permitted in a side or rear yard in a Country Residential District only when the goods or material being stored are clearly accessory and incidental to the principal use of the property.
- .2 The Development Officer may prescribe or approve screening for uses which involve the outdoor storage of goods, machinery, vehicles, motors, building materials, waste materials and other similar uses in a Commercial or Industrial District, or where other landscaping and screening requirements would be appropriate as determined by the Development Officer. The use of landscaping may be required adjacent to exterior storage areas within industrial developments to provide a natural screening of activities that are visible from public roads.

### 4.15 PROHIBITED AND NOXIOUS USES

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .1 Any use is prohibited which, by its nature or the materials used therein, is declared by *The Public Health Act* and Regulations to be a noxious trade, business, or manufacture.
- .2 Notwithstanding any use contained within a building, no land shall be used and no building or structure shall be erected, altered or used for any purpose that is noxious and, without limiting the generality of this subsection, for any purpose that creates or is likely to become a nuisance or offence, or both:
  - a) by the creation of noise or vibration;
  - b) by the emission of light and glare;
  - c) by reason of the emission of gas, fumes, smoke, dust or objectionable odour;
  - d) by reason of the unsightly storage of goods, merchandise, salvage, refuse matter, motor vehicles, trailers or parts of vehicles or trailers, machinery, or other such material; or
  - e) by any combination of events in this subsection.

### 4.16 DISPOSAL OF WASTES

- .1 Subject to all Acts and Regulations pertaining in any way to the storage, handling, and disposal of any waste material or used item, and except as permitted by these Acts and Regulations, no liquid, solid, or gaseous wastes shall be allowed to be discharged into any stream, creek, river, lake, pond, slough, intermittent drainage channel or other body of water, onto or beneath the surface of any land, or into the air.
- .2 No development or use of land which requires solid or liquid waste disposal facilities shall be permitted unless those facilities are approved by Saskatchewan Health, Sask Environment and the Saskatchewan Water Security Agency. Disposal of liquid, solid, or gaseous waste shall be governed by Acts administered by the Ministries of Saskatchewan Agriculture, Saskatchewan Environment, Saskatchewan Health and the Saskatchewan Water Security Agency.

### 4.17 SITE DEVELOPMENT REGULATIONS FOR DEVELOPMENT NEAR WATER SOURCES

- .1 If the proposed development will be within 150.0 metres of any public well or private or public dam which is licensed by the Saskatchewan Water Security Agency and identified in the OCP, Council may also require additional information from the applicant to ensure that the existing water supplies will not be jeopardized.
- .2 Council may require that before a permit may be issued, the applicant shall submit a report prepared by a professional who is competent to assess the suitability of the site for a development and that the development is suitable with respect to the required mitigation measures to develop in areas of high water table, near public wells, waste disposal sites or a private or public dam which is licensed by the Saskatchewan Water Security Agency, and identified in the OCP.

#### 4.18 PUBLIC UTILITIES AND MUNICIPAL SERVICES

- .1 Public utilities except solid waste disposal, liquid waste disposal and clean fill sites, unless otherwise specified by this Bylaw, shall be exempt from the provisions of every Zoning District.
- .2 Protective, emergency, municipal services and other public works and facilities may be established in all Zoning Districts.

#### 4.19 CLOSINGS

In the event a dedicated road, street or lane shown on the Zoning District Map forming part of this Bylaw is closed, the property formerly in such street or lane shall be included within the Zoning District of the adjoining property on either side of such closed road, street or lane. If a closed street or lane is the boundary between two or more different Zoning Districts, the new district boundaries shall be the former centre line of the closed road or street.

#### 4.20 ROADWAYS

- .1 Council may establish regulations or other policies, apart from the Zoning Bylaw, to establish standards for road construction. Road standards may be established to provide service to specific forms of development.
- .2 Council may require applicants and developers to pay for any or all costs associated with road construction and short-term maintenance where the cost is directly associated with the development or subdivision.
- .3 Development adjacent to a provincial highway shall meet all setback requirements of the Saskatchewan Ministry of Highways and Infrastructure. Notwithstanding any regulations passed by the Province of Saskatchewan which apply to highways, this Bylaw may establish a higher standard than those required by the Province for developments adjacent to highways and intersections.
- .4 The requirement of a service road or internal subdivision roadway to provide access may be required as a condition of approval for any new development other than those deemed approved.
- .5 When any development is approved on land adjacent to an unconstructed road allowance and access is required from the said road allowance, the owner/applicant shall be responsible for all costs related to the construction of the road to the standards set out by the Development Officer.

## 4.21 FRONTAGE AND ACCESS/APPROACHES

- .1 A Development Permit shall not be issued unless the site intended to be used, or upon which a building or structure is to be erected, abuts, or has frontage on a graded all-weather registered road, or unless satisfactory arrangements have been made with the Council for the improvement or building of a road.
- .2 All site access from roads shall be to the satisfaction of Council with respect to location, design, and construction standards. Council shall take into account the physical capability and safety of the roads that are proposed to serve the development.
- .3 Notwithstanding the setback provisions contained in the Zoning District Schedules, Council may reduce the 46.0 metre (150 feet) setback for buildings and structures on Municipal Roadways where physical circumstances make it unrealistic to maintain the 46.0 metre setback.
- .4 All approaches to public roads require the approval of the Municipality. All approaches shall be constructed in accordance with the engineering standards of the Municipality.
- .5 The Development Officer in consultation with Council shall decide upon all approach applications and, based on location, drainage, traffic flow, sight lines, road standards, and safety considerations, may approve or refuse an application for an approach.
- .6 Where an approach for a Commercial, Industrial or Country-Residential lot within a multi-parcel subdivision accesses onto a paved road or highway, the approach shall be paved from the edge of the road surface to 5.0 metres (16 feet) into the lot.

## 4.22 ROAD CROSSINGS

The Municipality may apply special standards as outlined in *The Municipalities Act*, to protect the municipal interest when transportation, utility and pipeline facilities cross municipal roads or when seismic activity is proposed on roads or road allowances.

## 4.23 HEAVY HAUL ROADS

The Municipality may use *The Municipalities Act*, to ensure that any trucking activity cover the cost of road repair caused by their usage of a rural municipal road.

#### 4.24 RAILWAY CROSSINGS AND SIGHT DISTANCES

Notwithstanding anything contained in this Bylaw, where any public street or road crosses a railway at the same grade, no building or structure shall be erected within 46 metres (about 150 feet) of the point of intersection of the centre line of both the railway and the road or street.

#### 4.25 SIGHT TRIANGLE

- .1 In all Zoning Districts no building, structure, earth pile, vegetation, etc. shall obstruct the vision of drivers within a sight line triangle.
- .2 The sight line triangle area shall be calculated by connecting straight lines, which are measured from the intersection of centerlines of the various types of roads and railways, to points established along these centerlines, as indicated in the following:

Figure 1: Sight Triangle Distances

Type of Road or Railway	Distance Along Centreline
Provincial Highways	230 metres
Municipal Grid Roads or Railway Lines	80 metres

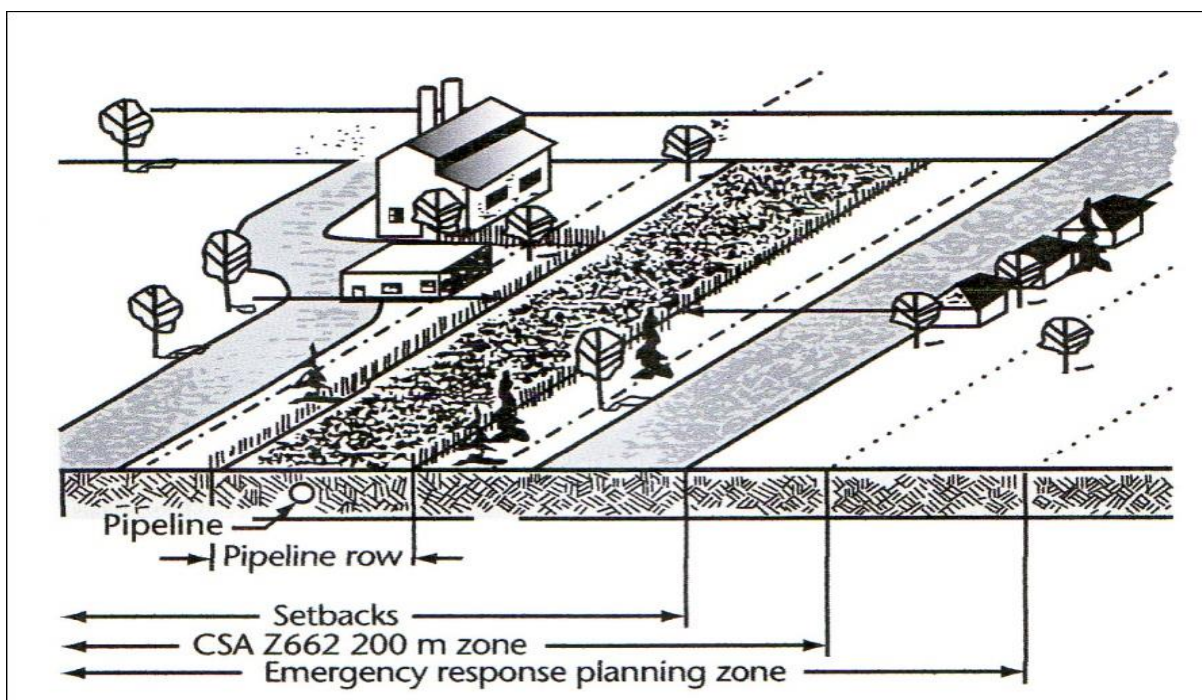

#### 4.26 DEVELOPMENT ALONG PIPELINES AND GAS TRANSMISSION LINES

- .1 Any development involving pipeline and/or power line transmission rights-of-way shall be sited to comply with all relevant Federal and Provincial legislation. Setbacks from pipelines and other utility corridors shall be in accordance with appropriate Provincial Regulations or Acts and any regulations or directives established by crown corporations. Refer to “Land Use Planning for Pipelines publication by Canadian Standards Association (CSA) PLUS663”, which may be amended from time to time.
- .2 Setbacks from pipelines shall be **12.0 metres** except for where provision has been made in the previous bylaw or in consultation with the operator of the pipeline, a lesser separation may be allowed.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .3 The National Energy Board has designated a review area of **30.0 metres** on either side of a pipeline in which, subject to exceptions for such things as normal agricultural activities, anyone proposing to conduct a ground disturbance/excavation must:
  - a) ascertain whether a pipeline exists;
  - b) notify the pipeline company of the nature and schedule of the excavation; and
  - c) conduct the excavation in accordance with such regulations.
- .4 The following figures provide the setbacks required by the Canadian Standards Association. Source: Land Use Planning for Pipelines publication by Canadian Standards Association (CSA) PLUS663.

Figure 2: Land Use Areas

### 4.27 USES OR OBJECTS PROHIBITED OR RESTRICTED IN YARDS

- .1 No development or use of land which requires the disposal of solid waste, liquid waste, gaseous waste or clean fill shall be permitted unless it has received all required federal and provincial approvals.
- .2 The storage of chemicals, fertilizers and combustible materials are subject to the requirements of both the federal and provincial governments. All necessary requirements and permits must be met and obtained prior to issuance of a Development Permit.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .3 A Development Permit for residential, commercial, recreational or industrial buildings shall not be permitted except in accordance with the recommended separation distances of the “Regulations Respecting Anhydrous Ammonia-Saskatchewan Regulations 361/77” which may be amended from time to time. Residences and buildings which are an integral part of the fertilizer operation are not subject to the foregoing buffer requirement.

### 4.28 VEHICLE STORAGE

- .1 Notwithstanding anything contained in this Bylaw, no person shall use any site in any Zoning District for the parking or storage of any vehicle that is not in running order, except that not more than five (5) such vehicles may be stored on any site in an Agricultural, Commercial or Industrial District, except in the case of permitted vehicle storage establishments or auto wreckers.
- .2 Notwithstanding anything contained in this Bylaw, no person shall use any site in any district for the parking or storage of any vehicle that is not in running order, except that not more than two (2) such vehicles may be stored on any site in a Country Residential or Hamlet District.
- .3 Where any outside storage of vehicles is proposed, the site shall be kept in a tidy and neat manner. The Municipality may require that the outside storage of vehicles be screened from roadways or neighbouring properties by landscape features or fences or a combination thereof. The screening, where required, shall also include any individual parts of a vehicle and any equipment or machinery involved with the storage of such vehicles.

### 4.29 TRAILERS, BOX CARS, SEA AND RAIL CONTAINERS

- .1 No person shall park or store on any part of a site any unlicensed rail or sea container, truck, bus or coach body for the purpose of advertising within any Zoning District.
- .2 Mobile Storage containers may be accommodated for warehousing or storage purposes within the Commercial, Hamlet or Country Residential Districts under the following conditions:
  - a) Shall require a Development Permit and must re-apply for a Development Permit every five (5) years
  - b) must be properly anchored;
  - c) shall be located a minimum of 3.0 metres from the primary building and behind the rear wall of the primary building;
  - d) containers determined by the Rural Municipality to be unsightly, misused, unsafe, or inappropriate in any way, must be removed at the owner's expense within a time period specified by the RM;
  - e) must meet the National Building Code Standards as applicable.

#### 4.30 LIGHTING

- .1 All outdoor lighting for any development shall be located and arranged so that no direct rays of light are directed at any adjoining properties; interfere with the use and enjoyment of neighbouring lands; or interfere with the effectiveness of any traffic control devices or the vision/safety of motorists.
- .2 Appropriate lighting of Commercial and Industrial development shall be undertaken to provide security and to add visual interest. Lighting standards and fixtures shall be of consistent design and complimentary to the overall architecture.

#### 4.31 SIGNAGE

- .1 A Development Permit is required for the erection, display, alteration, relocation or replacement of any temporary or permanent sign unless exempted as follows:
  - a) regular maintenance including painting and repairs due to deterioration;
  - b) municipal and provincial agency signage;
  - c) traffic control signage;
  - d) incidental signs containing traffic and pedestrian controls;
  - e) signage intended to regulate hunting or trespassing on private property;
  - f) agriculturally related signage;
  - g) real estate signage;
  - h) residential name plates;and
  - i) works of art containing no advertising.
- .2 The following general regulations shall pertain to temporary and permanent signage in all Zoning Districts unless otherwise stated:
  - a) all signs situated along a provincial highway shall comply with provincial highway regulations as amended from time to time;
  - b) a sign which is made from part of or is attached to, a fence is prohibited;
  - c) signs shall be constructed in a permanent manner, of materials suitable for the purpose and life of the sign and shall be maintained and mounted in a condition that is safe, neat, clean and not unsightly or dangerous;
  - d) signs which are deemed to be in disrepair shall be properly maintained or removed at the discretion of the Municipality;
  - e) a Development Officer may require that a sign be enhanced with landscaping or architectural features to improve aesthetics;
  - f) offensive statements, words or pictures that do not conform to the amenities of the neighbourhood shall be prohibited;

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- g) signs or sign structures shall not be located where they may interfere with, distract from, obstruct the view of or be confused with any authorized traffic sign, signal or device.
  - h) signs shall not be located in such a manner as to impede the view of any pedestrian or vehicular right-of-way or railway crossing;
  - i) no intermittent flashing signs, neon or LED lighting shall be permitted in any Zoning District and all illuminated signs shall be designed to cast light downwards and located appropriately to prevent the creation of a hazardous situation related to pedestrian and vehicular traffic;
  - j) signs identifying multi-parcel country residential developments may be permitted;
  - k) incidental signage shall not exceed 0.5 m<sup>2</sup> (5.4 ft<sup>2</sup>) of gross surface area and shall not contain any advertising; and
  - l) no permanent sign shall be placed on or over public property unless specifically permitted within this Bylaw.
- .3 Highway Corridor Signage
- a) Where a sign will be located adjacent to a Provincial highway, *The Highways and Transportation Act* will govern placement requirements; and
  - b) Billboard and other off-site advertising signs are permitted in a highway sign corridor.
- .4 Temporary Signage maybe placed in public rights-of-way for the purpose of advertising special events and will be limited to the following:
- a) temporary, portable and real-estate signs are permitted as long as the temporary condition exists for the property. They can be erected ten(10) days prior to the day of an event and must be removed within 48 hours of the event's end;
  - b) signage will maintain a separation distance of 10.0 metres from another temporary or permanent sign, 3.0 metres from a site access point and 10.0 metres from an intersection;
  - c) election signage is permitted as temporary signage and is permitted only if it is erected no earlier than 30 days prior to the date of the election, by-election, referendum or plebiscite and removed 24 hours following the close of voting stations.

### 4.32 ZONING DISTRICT SIGN REGULATIONS

The specific Zoning District sign regulations shall apply in addition to, and take precedence over the following general sign regulations:

**Figure 3: Zoning District Sign Regulations**

<b>Agricultural Resource District</b>	Free standing signs shall not exceed a gross surface area of 11m <sup>2</sup> (118.4 ft <sup>2</sup> ) and a height of 8 metres.  One attached sign shall be permitted not exceeding 5.6 m <sup>2</sup> (60.27ft <sup>2</sup> ) in gross surface area.

**4.33 LOADING REQUIREMENTS**

Where the use of a building or site involves the receipt, distribution, or dispatch by vehicles of materials, goods, or merchandise, adequate space for such vehicles to stand for loading and unloading without restricting access to all parts of the site shall be provided on the site.

**4.34 PARKING**

- .1 All required parking and loading facilities are intended for the purpose of accommodating the vehicles of clients, customers, employees, members, residents or visitors in connection with the principal building or use for which the parking and loading facilities are provided. Parking and loading facilities shall not be used for driveways, access or egress, commercial repair work, display, sale or storage of goods of any kind.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .2 Required parking and loading facilities shall provide for and include an adequate, safe and convenient arrangement of vehicular points of ingress or egress, driveways, internal roadways, aisles and ramps, unloading and loading of motor vehicles all in relation to buildings and entry points to buildings on the site.
- .3 The parking facility shall be located on the same site as the use for which it is intended. It shall be developed such that:
  - a) it is reasonably accessible to the use and vehicles it is intended to serve;
  - b) it meets the satisfaction of the Municipality regarding design;
  - c) it is appropriately landscaped to the satisfaction of the Municipality;
  - d) All parking facilities shall be maintained to the satisfaction of the Municipality by the owner of the property;
  - e) each parking space within a parking facility shall be a minimum of 2.5 metres wide and 6.0 metres long except that parallel parking spaces shall be a minimum of 6.5 metres long;
  - f) where two or more uses are permitted on any one site or where two or more uses are to share common parking facilities, the off-street parking requirements for each use shall be calculated as if each is a separate use and the total number of off-street parking spaces so calculated shall be provided; and
  - g) one (1) barrier free parking space shall be provided for any required parking facility accommodating between 4 and 100 parking spaces.
- .4 Any parking facility shall be developed to the satisfaction of the Municipality within one (1) year of the completion of the development for which the Development Permit was issued.
- .5 When a building is enlarged or altered in such a manner as to cause an intensification or change of use, provisions shall be made for additional parking spaces as required by the previous subsection.

## 5 DISCRETIONARY USE STANDARDS FOR DEVELOPMENT

This Section addresses special provisions and specific development standards that apply to the following developments. These criteria, provisions and development standards apply in addition to any standards of the relevant Zoning District.

### 5.1 HOME BASED BUSINESSES AND OCCUPATIONS

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for a Home Based Business or Occupation:

- The use shall be clearly incidental and secondary to the use of the dwelling unit as a private residence.
- The use shall be conducted entirely within the dwelling unit or an accessory building to the dwelling unit.
- There shall be no external advertising other than a sign of not more than 1.0 m<sup>2</sup> (10.75 ft<sup>2</sup>) erected in accordance with the Sign Regulations contained herein.
- In Hamlets and Country Residential Districts, there shall be no external storage of goods, materials or equipment associated with the applied use.
- The use shall not create or become a public nuisance.
- The use shall not generate substantially more traffic and parking than is normal for the district in which the use is located.
- No use requiring electrical or mechanical equipment shall cause a substantial fire rating change in the structure or the district in which the home based business is located.
- The use shall be valid only for the period of time the property is occupied by the applicant for such use.
- All permits issued for home based businesses or occupations shall be subject to the condition that the Development Permit may be revoked at any time, if, in the opinion of Council, the operation has not met the regulations and standards applicable to home based businesses or occupations contained in the Bylaw, or the special standards applied by Council at the time of approval.
- Council shall place any additional conditions for approval deemed necessary based upon a specific application.

### 5.2 AGRICULTURAL TOURISM USES

Agricultural tourism uses shall be accessory to an agricultural farm operation or other dwelling allowed in the Agricultural Resource Zone.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- Agricultural tourism uses shall display a high visual quality and shall be integrated into the rural environment by virtue of appropriate design, location and landscaping. Agricultural tourism uses may only be approved where they would not:
  - unduly interfere with the amenities or change the character of the neighborhood;
  - materially interfere with or affect the use and enjoyment of adjacent properties;
  - adversely impact upon the environment; or
  - result in excessive demand on municipal services, utilities or public roadway access;
- Agricultural tourism uses shall comply with all provincial environmental and health regulations.

### 5.3 HARVEST PRESERVES (HUNT FARMS)

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for a harvest preserve

- Shall be ancillary to an agricultural farm operation or rural residence.
- Shall be located a minimum of 1.6 kilometers from any other residential site.
- Shall comply with all Federal and Provincial legislation and regulation.
- Shall comply with the Agricultural Tourism Development requirements in Section 5.2.
- Council may apply special standards as a condition of discretionary approval limiting the size of operation, buildings used for the operation, and any other measures deemed necessary.
- No wild boars will be permitted.

### 5.4 PERSONAL CARE HOMES

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for a Personal Care Home:

- The use shall be clearly incidental and secondary to the use of the dwelling unit as a private residence.
- Required parking spaces may be located in a required front yard.
- No building or structure used for the purpose of a residential care home shall be used for the purpose of keeping boarders or lodgers.
- The use shall be conducted entirely within the dwelling unit and shall not have any exterior evidence of a secondary use.
- There shall be no outside storage or exterior display of goods, materials or equipment associated with the applied use.
- A home must be licensed as a personal care home in accordance with *The Personal Care Homes Act* if it provides accommodation, meals and assistance or supervision with activities of daily living to an adult aged 18 and older who is not a relative.
- The use shall not generate substantially more traffic and parking than is normal for the district in which the use is located.

## 5.5 BED & BREAKFAST HOMES

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for a Bed & Breakfast:

- Bed and breakfast homes shall be located in a single detached dwelling used as the operator's principal residence developed as a farmstead site or country residence.
- No more than three (3) guest rooms shall be allowed in a bed and breakfast home.
- Only one sign, not exceeding 1.0 m<sup>2</sup> (10.76 ft<sup>2</sup>), advertising the vacation farm or bed and breakfast home and located on site, is permitted.
- The only meal to be provided to registered guests shall be breakfast. No food preparation or cooking for guests shall be conducted within any bedroom made available for rent. All facilities shall meet public health regulations and be kept in a manner satisfactory to the local District Health Authority.
- The operation of the bed and breakfast home shall be subordinate and incidental to the principal use of a single detached dwelling as an owner occupied residence. No one other than the occupant and his/her immediate family members may be involved or employed in the operation of the bed and breakfast home.
- The operation must be approved by the "Bed and Breakfast Association".

## 5.6 SALVAGE YARDS (AUTO WRECKERS)

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for a Salvage Yard/Auto wrecker or similar operation:

- This includes salvage yards, auto wreckers, auto repair shop, body shops and similar uses, all salvage vehicles and materials, vehicles waiting repair, salvage or removal and similar uses.
- No vehicles or parts thereof shall be located in the front yard;
- All salvage yards shall be totally hidden from the view of the travelling public, provincial highways, any public road by utilizing distance and careful location, natural or planted vegetation, an earth berm, opaque fence or other appropriate methods approved by Council.
- All salvage or auto wrecking yards adjacent to a Country Residential, Village or Hamlet District shall be totally enclosed by a sturdy fence built to a minimum height of 2.0 metres and constructed of material suitable to conceal from view the materials stored on site. No materials shall be stacked above the height of the fence.
- A Performance Bond may be required by Council to ensure the development meets the required development standards.

## 5.7 ANIMAL KENNELS

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for an Animal Kennel:

- The maximum number of animals not normally attributed to the host site to be kept on-site shall be at the discretion of Council.
- No building or exterior exercise area(s), to be used to accommodate the animals, shall be allowed within 300 metres (1000 ft.) of any dwelling located on adjacent lots.
- All facilities, including buildings and exterior exercise areas, shall be sited behind the principal building unless otherwise approved by Council.
- Pens, rooms, exercise runs and holding stalls may be soundproofed to the satisfaction of Council.
- All dog facilities shall be visually screened from existing dwellings on adjoining lots.
- No animals shall be allowed outdoors between the hours of 9:00 p.m. to 7:00 a.m. daily. During this time period, all animals shall be kept indoors.
- A boarding use shall at no time unduly interfere with the character of the neighbourhood or the general enjoyment of adjoining sites.
- Details of animal waste disposal shall be included in the application.
- One sign located on site, advertising the animal kennel is permitted subject to the General Sign Regulations in Section 4.32.
- Council shall place any additional conditions for approval deemed necessary based upon a specific application.
- Animal kennels shall be subject to relevant Bylaws and legislation governing noise and public health.
- All permits issued shall be valid for a two (2) year period from the date of issuance and shall be subject to cancellation by the Municipality for due cause.
- Failure to comply with any of the above regulations or the conditions of a Development Permit may result in the revoking of the permit by the Municipality.

## 5.8 EQUESTRIAN FACILITIES

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for an Equestrian Facility:

- The Development Permit shall set the maximum number of horses and cattle, if applicable, that may be kept on the site.
- An animal is kept, for purposes of this section, when it is on the site overnight.
- The number of animals allowed as a condition of the permit to participate in an event are in addition to the number that are allowed to be kept on the site.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- The Development Permit shall set out conditions that address garbage and manure control, pasture management, water supply and sewage disposal, on site stock trailer parking, participant and spectator parking.
- The application shall include an animal waste and drainage plan for all areas of the parcel of land disturbed during or as a result of the development of the Equestrian Centre and supporting facilities.
- The application shall include a traffic impact analysis that includes current and projected traffic for the next ten years in the vicinity. A condition of the Development Permit may require there be a contribution towards upgrading of access roads should the road network require upgrading because of the impact of the facility.

### 5.9 CAMPGROUNDS

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for a Campground:

- The operator of a campground shall provide the Development Officer with a plan of the campground, identifying any buildings, uses of land and the location of all roadways and trailer coach or tent campsites with dimensions. The addition or rearrangement of campsites, the construction or moving of buildings, and the material change in use of portions of land, or the filling or clearing of land shall require a Development Permit, and the operator shall submit for approval an amended plan incorporating the development.
- A campground shall have within its boundaries a buffer area abutting the boundary of not less than 4.5 metres which shall contain no buildings.
- The operator of a campground shall designate a campsite for each trailer coach or tent party, which shall be less than 150 m<sup>2</sup> in area with its corners clearly marked.
- One sign located on site, advertising the campground, is permitted subject to the General Sign Regulations in Section 4.32.
- No portion of any campsite shall be located within a roadway or required buffer area.
- Each campsite shall have direct and convenient access to a developed roadway, which is not located in any required buffer area.
- Each trailer coach shall be located at least 3.0 metres from any other trailer coach, and each campsite shall have dimensions sufficient to allow such location of trailer coaches.
- The space provided for roadways within a campground shall be at least 7.5 metres in width. No portion of any campsite, other use or structure shall be located in any roadway.
- A campground may include, as accessory uses, a laundromat or confectionary designed to meet the needs of the occupants of the campsites, and one single detached dwelling for the accommodation of the operator.
- *The Public Health Act* shall be complied with in respect to all operations and development of the campground.

## 5.10 TEMPORARY WORK CAMPS

- Temporary Work Camps are an accessory use to an industrial or resource development.
- A Development Permit for a Work Camp may be issued for up to one(1) year, at which time an application must be made for the continuance of the use for one(1) additional year, after which time a new Development Permit approval is required.
- An application for a Development Permit must provide the following information and a Concept Plan for the development:
  - i. the location, type and purpose of the camp;
  - ii. adjacent Land uses;
  - iii. the method of supplying water and sewage and waste disposal to the camp. The proposed method of sewage disposal must comply with the Saskatchewan Onsite Wastewater Disposal Guide and in accordance with the Saskatchewan *Public Health Act*;
  - iv. the number of persons proposed to live in the camp;
  - v. the method of providing garbage disposal and pest control in the camp; and
  - vi. the start date for development, date of occupancy by residents and removal day for the camp.
- A Temporary Work Camp for accommodation purposes must be:
  - i. linked to a specific project for which a valid and current Development Permit has been issued and can only accommodate workers for this project;
  - ii. accommodate a minimum of twenty(20) persons and a maximum of three-hundred (300) persons;
  - iii. secured by the installation of appropriate fencing around the project accommodation and onsite security staff;
  - iv. provide adequate on-site parking for private vehicles; and
  - v. separated (buffered) from adjacent land uses
- The final review of an application will not be completed prior to the receipt and evaluation of all required information by the Development Officer, the District Health Authority and any other relevant agency deemed necessary by the Municipality.
- The Work Camp buildings and structures must be removed from site when the project is completed.
- The Developer must post a Performance Bond sufficient to remove and/or reclaim the site after the project is either completed or if work has stopped to the extent that the need for the camp no longer exists.

## 5.11 WIND FARMS

- All buildings and structures shall be set back at least 90 meters (300 feet) from an intersection of any municipal road allowance or provincial highway or such greater distance as required by the department of Highways.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- The setback related to municipal road allowances and the wind energy generator (turbine) shall be no less than the length of the blade plus 10 metres (33 feet) or a minimum of 125 feet, however if in the opinion of Council the setback is not sufficient to reduce the impact on a public all-weather municipal road then Council may increase the required setback.
- The setback from the property line of a non-participating landowner to a wind energy generator (turbine) shall be no less than the length of the blade plus 10 meters (33 feet) or a minimum of 125 feet unless otherwise agreed to by the landowner, developer and Municipality.
- Access roads to the wind energy facilities must be perpendicular to established road allowances or on the quarter line unless otherwise agreed to by the landowner, developer and Municipality.
- All infrastructure, roads and accesses required to facilitate the implementation of the wind energy facilities shall be proposed by the developer as part of the Development Permit application.
- Any proposed development within a municipal road allowance, i.e. underground lines or overhead poles/lines must be proposed by the developer as part of the Development Permit application and adhere to the RM road crossing policy.
- The developer is required to enter into a road use agreement with the Municipality for the construction period to ensure roads are maintained in a condition agreeable by both parties.
- The separation distance from a residence to a wind energy generator (turbine) shall be a minimum distance of 750 metres.
- The wind energy generator (turbine) shall have no restrictions on colour or height.
- Substations are required to be fenced.
- Sites having potentially dangerous or hazardous developments shall have visible signs stating any potential danger.
- No hazardous waste shall be stored on the site.

### 5.12 SOLID & LIQUID WASTE DISPOSAL FACILITIES

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for a Solid or Liquid Waste Disposal Facility. The following standards do not apply to liquid manure storage facilities and the application of manure on agricultural lands where this use is deemed consistent with all other relevant sections of this Bylaw.

- Development and site maintenance shall be in accordance with provincial environmental and health regulations.
- Any solid waste disposal facility shall be located 457.0 metres from any residence unless relaxation of this requirement is agreed to by affected parties.
- A buffer strip containing trees, shrubs or a berm shall be located surrounding a disposal area.
- Any solid or liquid waste disposal facility shall be fenced.
- Adequate precautions shall be taken to prevent pollution of ground water by disposal operations.
- Solid waste disposal facilities shall be located in proximity to a provincial highway and adjacent to an all-weather road.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- The development of any new disposal sites shall take into consideration direction of prevailing winds.
- Council shall place any additional conditions for approval deemed necessary based upon a specific application.
- Where approval has been deemed appropriate, Council may consider the following requirements within a Development Permit:
  - Place a limitation on the years, months, weeks, days and/or hours of operation;
  - Requirement to provide and maintain sufficient dust control to the satisfaction of the Municipality;
  - Limitations to the height of the landfill development; and
  - Specific requirements related to any stripping, filling, excavation and grading associated with a landfill development.

**Figure 4: Minimum Separation Distances Relating to all Solid and Liquid Waste Disposal**

Land Uses	Solid Waste Facility	Liquid Waste Facility
<b>Single residence, tourist Accommodation</b>	800 metres	457 metres
<b>Multi-Parcel Country Residential subdivision or Hamlet or urban Municipality</b>	1.6 kilometres	600 metres
<b>Commercial or Industrial use</b>	300 metres	300 metres

### 5.13 SOLAR FARM

- .1 A site plan and associated information shall be submitted as part of the development permit application that includes:
  - a) Property lines, existing used and vegetation on the site;
  - b) Proposed solar energy system including all equipment, machinery and structures used for the collection, conversion and transmission of a solar energy to electrical energy;
  - c) The number and size of photovoltaic panels and the height of the photovoltaic panels and racking system;
  - d) Associated development including but not limited to roads and access, parking, cabling, distribution and transmission lines, power grid connections, fencing and proposed landscaping;
  - e) Site topography and any potential hazard lands within and adjacent to the site and the proposed methods of mitigating any hazards; and
  - f) An inventory of current land uses adjacent to the proposed development.
  
- .2 Confirmation of site ownership by the applicant or, where the land is not owned by the applicant, evidence of site control and right to access through provisions of a lease or easement agreement with the landowner.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .3 The size, height, and location of the solar farm shall not inordinately remove high quality agricultural land from production or detract from the amenity of the area. Council may apply development standards in issuing a development permit limiting the size, height and location of the solar farm.
- .4 The solar energy system shall comply with all applicable electrical code. Applicants are responsible for obtaining any required federal and provincial permits, licenses and approvals for construction and maintenance of the solar energy system and must remit a copy to the RM.
- .5 Reasonable accessibility for emergency service vehicles and personnel shall be required. Emergency response plans may be required as a condition of the development permit.
- .6 Solar energy systems shall be designed to maximize the preservation of onsite and abutting natural areas and drainage to the greatest extent.
- .7 Clearing of natural vegetation shall be limited to what is necessary for the construction, operation and maintenance of the solar energy system and shall not occur on any slopes greater than 15% to minimize erosion.
- .8 Vegetative screening and/or a security fence may be required as a condition of the development permit. No unscreened outdoor storage shall be permitted.
- .9 Landscaping and maintenance plans may be required as a condition of the development permit. Landscaping and maintenance plans shall include control measures to address weeds, rodents, refuse removal, and soil erosion.
- .10 A minimum of one onsite parking space shall be provided to accommodate vehicles for site maintenance.
- .11 Lighting of a solar energy system shall be limited for safety and operational purposes and shall be reasonably shielded from abutting properties and directed downward to reduce light glare and pollution.
- .12 There shall be no noise, vibration, light, glare, heat, or dust that will in Council's opinion detract from the amenity of the area. Council may require the developer implement mitigating measures to ensure the solar energy system produces minimal disturbance to the surrounding lands.
- .13 No advertising shall appear on the solar energy system. Signage, not to exceed 32 square feet, is permitted to display the facility name, address, safety precautions, and emergency contact information.
- .14 A decommissioning plan shall be required to address the manner of physical removal of the system and site restoration to the same or better land capability should the solar energy system, in part or full, become abandoned or defective.
- .15 Any or all parts of the solar energy system is considered to be abandoned or defective if:
  - a) It is not in operational condition, capable of collecting and converting solar radiation into electrical energy, for a period of one year; or

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- b) It is in operational condition and is not used to generate and supply electricity for a period of two years.
- .16 If abandoned or defective, the solar energy system shall be repaired or removed at the cost to the owner. The developer may be required to provide a financial guarantee equal to the cost of restoration of the site.
- .17 Any changes to the original development permit shall require a new permit to be issued.

## 6 ZONING DISTRICTS AND ZONING MAPS

### 6.1 ZONING DISTRICTS

For the purpose of this Bylaw, the Rural Municipality of Excel No.73 is divided into several Zoning Districts that may be referred to by the appropriate symbols.

Zoning Districts	Symbol
Agricultural Resource	AR
Country Residential	CR
Hamlet District	H
High Profile Commercial	HPC
Industrial	IND
Environmentally Sensitive Lands Overlay	ES

### 6.2 ZONING DISTRICT MAPS

The map, bearing the statement "This is the Zoning District Map referred to in Bylaw No. 20-13 adopted by the Rural Municipality of Excel No.71," signed by the Reeve and Administrator under the seal of the Rural Municipality, shall be known as the "Zoning District Map", and such map is hereby declared to be an integral part of this Bylaw.

### 6.3 BOUNDARIES OF ZONING DISTRICTS

- .1 The boundaries of the Districts referred to in this Bylaw, together with an explanatory legend, notations and reference to this Bylaw, are shown on the map entitled, Zoning District Map.
- .2 Unless otherwise shown, the boundaries of zoning Districts are site lines, centre lines of streets, lanes, road allowances, or such lines extended and the boundaries of the Municipality.
- .3 Where a boundary of a District crosses a parcel, the boundaries of the Districts shall be determined by the use of the scale shown on the map.

## 7 AGRICULTURAL RESOURCE DISTRICT (AR)

*The purpose of the Agricultural Resource District (AR) is to provide for and preserve large areas capable of accommodating a diversity of general agricultural operations and natural resource extraction and related activities.*

**In any Agricultural Resource District (AR), no person shall use any land, building or structure or erect any building or structure except in accordance with the following provisions:**

AR

### 7.1 PERMITTED USES

- a) Field crops, animal and poultry raising, ranching, grazing, and other similar uses customarily carried out in the field of general agriculture, including the sale on the agricultural holding of any produce grown or raised on the agricultural holding but excluding intensive livestock, P.M.U. and poultry operations, feed lots, apiaries, hatcheries, and mushroom farms;
- b) One detached one unit dwelling, RTM, modular or mobile home on a Quarter Section, following the placement thereof on a permanent foundation;
- c) Uses, buildings and structures accessory to the principal building or use;
- d) Home Occupation or Home Based Business;
- e) Small-Scale facilities for the processing and direct sale of crops grown or products raised by the agricultural operation;
- f) Intensive Agricultural Activities (e.g. tree and garden nurseries, market gardens, greenhouses, orchards, vegetable, horticultural or fruit gardens);
- g) Beehives and honey extraction facilities;
- h) Oil and gas wells, but excluding intensive oil and gas developments;
- i) Pipelines and related facilities;
- j) Mineral Resource mining operations including, but not limited to, mine offices, maintenance and processing building, head frames, wells, pipelines and storage facilities;
- k) Petroleum extraction development including wells, pipelines, compressor stations and storage facilities;
- l) Institutional Uses and facilities;
- m) Public Parks and Recreational Uses;
- n) Cemeteries;
- o) Historical and archaeological sites;
- p) Wildlife and conservation management areas;
- q) Public utilities, buildings, and structures, warehouses and storage yards excluding solid and liquid disposal waste facilities.

## 7.2 DISCRETIONARY USES

The following uses shall be considered by Council subject to the completion of the discretionary use process as outlined in Section 3 and with regard to the discretionary use criteria provided in Section 5 of this Bylaw.

- a) Intensive Livestock Operations (over 300 Animal Units);
- b) P.M.U. and poultry operations;
- c) Feedlots;
- d) Hatcheries;
- e) Harvest Preserves(Game Farms);
- f) Agricultural Commercial;
- g) Ag-related light manufacturing, assembly, or machine shops;
- h) Stand Alone Grain Storage sites (greater than 200,000 bushels);
- i) Agricultural Industry;
- j) Aggregate Resource Extraction(Sand and Gravel), Storage and Processing;
- k) Oil and gas related commercial and other similar uses;
- l) Agricultural Accessory Residence;
- m) Non-farm residential on sites less than a Quarter Section;
- n) Agricultural Tourism;
- o) Personal Care Homes;
- p) Bed and Breakfast homes, where part of a single detached dwelling;
- q) Temporary Work Camps;
- r) Mobile Storage Containers including Sea Cans;
- s) Private Airstrip;
- t) Wind Farms;
- u) Solid and Liquid Waste Disposal Facilities;
- v) Campgrounds;
- w) Animal Kennels;
- x) Salvage Yards;
- y) Equestrian Facilities;
- z) Solar Farm.

**No person shall initiate any permitted, discretionary or accessory use prior to obtaining a Development Permit from the Development Officer.**

## 7.3 PROHIBITED USES

- a) All uses of buildings and land except those specifically noted as permitted or discretionary.

## 7.4 ACCESSORY BUILDINGS AND USES

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .1 A permitted accessory use/building shall be defined as any building, structure or a use which is customarily accessory to the principal use of the site, but only if the principal permitted use or discretionary use has been established.
- .2 Setbacks and general performance standards for accessory buildings shall meet the same requirements as the principal use or building.
- .3 Manure applications associated with livestock and agricultural composting are considered accessory to an agricultural operation where the spreading occurs on the parcel in which it is produced or on other lands included in the Agricultural Operation.
- .4 Facilities for the direct sale of crops grown by the agricultural operation including orchards and market gardens shall be considered as an accessory use to a farmstead or agricultural residence in the Agricultural Resource District.
- .5 Large Accessory buildings used for Ag-related light manufacturing, assembly or machine shops are a discretionary use and shall be located adjacent to a developed all-season road.
- .6 Solar energy systems may be permitted as an accessory structure to an existing principal use of the solar system complies with section 4.3.5.

### 7.5 SUBDIVISION AND SITE REGULATIONS

<b>Minimum site area</b>	<p><b>Resource Activity:</b> no minimum</p> <p><b>Non-Farm Residential</b> 0.8 hectares (2.0 acres) to a maximum 20.0 acres, except that the maximum site area may be a greater area depending on existing physical circumstances.</p> <p><b>All other discretionary uses:</b> 1.0 hectare (2.54 acres)</p>
<b>Minimum site frontage</b>	30.0 metres
<b>Minimum front yard</b>	All buildings shall be set back a minimum of 46.0 metres from the centre line of any developed road, municipal road allowance or provincial highway and/or a minimum of 90.0 metres from the intersection of the centre lines of any municipal roads or provincial highway or such greater distance as required (e.g. Site triangle).
<b>Minimum rear yard</b>	15.0 metres or 25% of the depth of the site whichever is the lesser
<b>Minimum side yard</b>	15.0 metres except where a side yard abuts a municipal road allowance or a provincial highway, the front yard requirements shall apply
<b>Minimum setback for trees,</b>	All dugouts, shelterbelts, tree plantings, portable structures,

## RM of Excel No. 71 Zoning Bylaw No. 20-13

<b>shelterbelts, grain bags and other</b>	machinery, aggregate resource stockpiles, or grain bags shall comply with the same setback requirements as for buildings.
<b>Fence Lines</b>	All fences shall be set back a minimum of 46.0 metres( 150 ft) from the centre line of any developed road, municipal road allowance or provincial highway except council may by resolution reduce the setback due to physical circumstances
<b>Public Works and Facilities</b>	There shall be no minimum site area required for cemeteries, radio, communication towers or related facilities.

- .1 The Development Officer may require a greater setback for a permitted or discretionary use if it is deemed that the use may substantially interfere with the safety and amenity of adjacent sites.
- .2 No dwelling shall be located with less than a minimum separation distance to an operation other than the residence with the uses in clause a) or d), of the operation as follows:
  - a) The separation distance to an Intensive Livestock Operation as regulated in Section 7.9;
  - b) 457 metres from a licensed public or private liquid waste disposal facility;
  - c) 457 metres from a licensed public or private solid waste disposal facility;
  - d) 305 metres from a honey processing facility;
  - e) 400 metres from an Aggregate Resource extraction operation;
  - f) 1.0 kilometre from sour gas wells and 75 metres from other gas and oil wells;
  - g) 500 metres from an Ethanol, Fertilizer or Potash development;
  - h) 305 metres to a non-refrigerated anhydrous ammonia facility licensed by Province of Saskatchewan; or
  - i) 600 metres to a refrigerated anhydrous ammonia facility licensed by the Province of Saskatchewan.
- .3 Council may by resolution, grant permission to the landowner to plant trees or shrubs at an existing farm site, provided that they are no closer than 25 metres (80 feet) from the centre line of the road allowance.
- .4 Council may also reduce the setback distances from a road due to physical circumstances unique to the situation where public safety is not adversely affected.

## 7.6 SUPPLEMENTARY DEVELOPMENT STANDARDS FOR AGRICULTURAL USES

- .1 The minimum site area constituting an agricultural operation or agricultural holding shall be 64.5 hectares (160 acres) or equivalent. Equivalent shall mean 64.5 hectares (160 acres) or such lesser amount as remains in an agricultural holding because of the original township survey, road widening, road right-of-way or railway plans, drainage ditch, pipeline

## RM of Excel No. 71 Zoning Bylaw No. 20-13

or transmission line development or government action, natural features such as water courses or water bodies, or as a result of subdivision as permitted herein.

- .2 Any existing agricultural site which does not conform to the minimum site area requirement shall be deemed conforming with regard to site area, provided that a registered title for the site existed at Information Services Corporation (ISC) prior to the coming into force of this Bylaw.
- .3 A reduced agricultural site area below 64.5 hectares(160 acres) may be permitted at Council's discretion for the purpose of farmland consolidation, estate planning settlement, farm debt restructuring or as a result of a permitted or discretionary subdivision or due to topographical or physical limitations.
- .4 Where subdivision is proposed to establish a discretionary use, the area proposed for subdivision shall comprise a minimum of 1 hectare (2.47 acres).

### 7.7 FARMSTEADS

- .1 A maximum of three (3) farm-related, single detached dwellings will be permitted on agricultural sites and farmsteads. A farmstead may contain the following where located on the same parcel:
  - a) a residence for the operator of an agricultural use;
  - b) a bunkhouse or additional residence for employees or business partners of the operator engaged in the agricultural operation;
  - c) facilities for the temporary holding of livestock raised in an operation, in lesser numbers than constitutes an I.L.O. (unless approved as an I.L.O); and
  - d) buildings for permitted accessory and ancillary uses.
- .2 The Development Officer may issue a Development Permit for more than one (1) dwelling on a parcel if:
  - a) it is an accessory agricultural residential dwelling to be occupied by a person or persons who are engaged on a full-time basis for at least six (6) months of each year in the agricultural operation; and
  - b) the additional dwelling is located on a parcel which is a permitted agricultural operation; and
  - c) accessory dwellings shall only be located on sites where the accessory dwelling can be serviced by existing utilities.

#### Temporary Use- Farmsteads

- .3 Notwithstanding the provisions of this Bylaw and the Official Community Plan, a mobile home may be permitted for a period of up to one (1) year on an existing non-farm or farmstead residential site within this Zoning District subject to a resolution of Council, provided that the following criteria is met:

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- a) adherence to any permit or Building Bylaw or licensing requirement in effect in the Municipality;
  - b) each mobile home shall comply with the Canadian Standards Association (CSA) document CAN/CSA - 240.2.1-M86 "Structural Requirements for Mobile Homes" and shall be placed on a permanent foundation;
  - c) issuance of a Development Permit to the landowner, where the said mobile home is located, to be issued on an annual basis;
  - d) the entering into of a Development Agreement between all affected parties, where considered necessary, to assure applicable development standards are adhered to; and
  - e) compliance with any requirement of Sask Health or government agencies respecting water and waste connections and disposal concerns.
- .4 A Trailer Coach used for farm employees during the farming season shall be accommodated as a temporary/seasonal use on a permitted agricultural site.

### Temporary Uses

- .5 In the case of an existing, currently habitable dwelling, which is being replaced by a new one, the existing dwelling, may, as a condition of the new Development Permit, be allowed to be occupied during construction, only until the new one is habitable. At that point, the existing dwelling must be demolished or moved off the site within thirty (30) days after occupancy of that dwelling.
- .6 Grain Storage Bags:
- a) Shall not be used or stored in any required yard setbacks.; and
  - b) Shall not become a nuisance or impede visibility at the approach of an intersection or obstruct snow plowing or road maintenance activities.
- .7 Mobile Storage Containers including Sea Containers:
- a) shall require a Development Permit;
  - b) must be properly anchored;
  - c) shall be located a minimum of 3.0 metres from the primary building and behind the rear wall of the primary building; and
  - d) containers determined by the Municipality to be unsightly, misused, unsafe, or inappropriate in any way, must be removed at the owner's expense within a time period specified by the Rural Municipality.

## 7.8 NON-FARM RESIDENTIAL SUBDIVISION OF AGRICULTURAL LANDS

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .1 A maximum of two (2) sites may be subdivided for any land use, commercial, industrial, or non-farm residential per quarter section 64.8 ha (160 acres) in the AR- Agricultural Resource District in addition to one farmstead.
- .2 When a site for an existing or proposed single detached dwelling is subdivided from the agricultural site or farmstead, the development or subdivision of such non-farm residential uses:
  - a) a site to be created by subdivision shall not be permitted unless the proposed parcels and the remainder of the parcel being subdivided abuts, or has frontage on a developed road, including any road to be developed at the sole expense of the developer or under a signed servicing agreement.
  - b) a farmstead which contains a residence proposed for subdivision as a separate site shall provide sufficient land area to provide for an on-site waste disposal system.
- .3 Subdivision proposing to establish more than two (2) new non-farm, single parcel country residential site shall be subject to rezoning to a Country Residential District and must comply with all relevant area, frontage and setback requirements of that Zoning District.
- .4 The subdivision of parcels of agricultural land which are physically isolated from the majority of the quarter section by a road, rail-line or watercourse will be allowed. To preserve viable agricultural sites, such parcels should be consolidated with other adjoining agricultural land.
- .5 All proposed non-farm Residential subdivisions shall observe the minimum separation distances from intensive livestock operations and aggregate extraction operations, potash, oil and gas and ethanol plant developments as provided in Figures 5 and 7.
- .6 Any parcel which does not conform to the minimum site area requirement but existed in the Information Services Corporation (Land Titles Office) prior to the coming into force of this Bylaw shall be deemed conforming with regard to site area.
- .7 At the request of the current owner of the site proposed to be subdivided Council may increase the maximum site size requirement by no more than 100% where the change:
  - a) is required to include additional land required for water supply or waste disposal systems which exist on or are proposed for the site;
  - b) is requested to include or facilitate any existing landscaping, buildings, structures or natural features on the proposed site;
  - c) would not unnecessarily reduce, or negatively affect the existing use, size, servicing or access to the balance of the quarter section, or equivalent as defined in this Bylaw; and
  - d) would not negatively affect the existing use, servicing, or access to any neighbouring land which abuts the proposed new site.

## 7.9 INTENSIVE LIVESTOCK OPERATIONS

## RM of Excel No. 71 Zoning Bylaw No. 20-13

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for an Intensive Livestock Operation:

- .1 For the purpose of this section, an Intensive Livestock Operation (ILO) shall be defined as the rearing, sustaining, finishing or breeding by means other than grazing of more than 300 animal units of livestock or where the space per animal unit is less than 371.6 m<sup>2</sup> (4000 ft<sup>2</sup>), including buildings and structures directly related to the operation but not including a residence, seasonal feeding or bedding sites.
  - a) In addition to the general requirements for a discretionary use as provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for:
    - i) new ILOs;
    - ii) expansion of Existing ILOs;
    - iii) any temporary facility or part of a site; or
    - iv) the alteration of an animal species in an approved operation.
  - b) In addition to any requirements contained herein, all applications for an ILO shall conform to the regulations provided within *The Agricultural Operations Act, 1995*.
  - c) As a condition of approval, the Municipality shall specify the maximum number of animal units for which the approval is made and specify land which may or may not be used for the disposal or storage of manure from an ILO in order to minimize potential land use conflicts.
  - d) The applicant shall be responsible for submitting a site plan and narrative including the following:
    - i) the size and type of facility;
    - ii) a sketch plan showing the location of existing and proposed buildings and the distance from the development site to every residence within 1.6 kilometre (1 mile);
    - iii) the number and type of animals including identification of any risks of disease;
    - iv) manure storage and disposal strategies including identification of all parcels including their acreage intended to host the disposal;
    - v) identification of surface water and residential development on or adjacent to the parcels intended for hosting the disposal of manure;
    - vi) provide a copy of written agreements with land owners for all parcels intended to host the disposal of manure where the parcels are not controlled by the operator;
    - vii) identification of the location of potentially affected surface and groundwater sources on and adjacent to the site including distance measurements to these watercourses;
    - viii) identification of the reason for this site being selected including what characteristics exist that makes it suitable for hosting the operation. The Municipality may, at its discretion, require the submission of a soils and water test conducted by a qualified agricultural engineer to confirm that the site selected is capable of accommodating the activities proposed;
    - ix) identification of socioeconomic benefits of the operation to the area as well as a brief discussion of the potential conflicts associated with the operation in addition to any mitigative actions to be taken to minimize these effects on adjacent land uses;
    - x) servicing requirements associated with the operation including but not limited to road upgrades, utility provisioning and availability of adequate water sources; and
    - xi) type, volume and frequency of traffic associated with the transportation of animals and animal feed to and from the site.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- e) When considering the operational/environmental aspects of an application, the Rural Municipality shall refer all Development Permit applications to Saskatchewan Agriculture for their review and recommendation regarding waste storage, nutrient and mortality management.
- f) The Municipality may require the applicant to pay for the public advertisement of a proposal that will result in an intensive livestock operation and for the cost of a public hearing or information session on the proposal.
- g) The Municipality may require an applicant to demonstrate that the water supply is sufficient for the development and the supply for neighbouring developments will not be adversely affected by the proposed operation.
- h) ILOs shall adhere to the following recommended minimum distance separations:

**Figure 5: ILO Separation Distances**

Type of Development	10-49 Animal Units	50-299 Animal Units	300-499 Animal Units	500-2000 Animal Units	2000+ Animal Units
<b>Single family dwelling not owned by the ILO operator</b>	600 metres	800 metres	1000 metres	1600 metres (1 mile)	2400 metres (1.5 miles)
<b>Multi-Parcel Country Residential subdivision or Hamlet</b>	600 metres	1200 metres	1500 metres	2400 metres (1.5 miles)	2400 metres (1.5 miles)

- i) The Municipality may grant a reduction of the separation distance criteria where it can be proven that a proposal will not negatively impact adjacent land uses. Prior to granting a reduction, the Municipality will consult with all agencies deemed appropriate and will require registered written agreement from all land owners directly affected by the reduction.
  - i) Council may approve a separation distance that is up to 10% less than the relevant separation distance shown above, where the applicant submits a copy of a signed agreement between the owner of the Intensive Livestock Operation, and the owner of the other development, the Hamlet or Village residents, agreeing to the reduced separation distance.
  - ii) Such agreements must contain a provision that the parties to the agreement will Register an Interest on the Land Titles of all affected land owned by, or within the jurisdiction of, both parties.
- j) In determining proximity to a multi-parcel residential subdivision, hamlet, village, or recreational use, separation distances shall be measured from the area of confinement of the animals to the property boundary of the closest developable parcel.
- k) In determining proximity to a single family dwelling located on agricultural property or within a single parcel residential subdivision not owned by the Intensive Agricultural Operator, separation distances shall be measured from the area of confinement of the animals to the residential dwelling.
- l) ILOs existing at the time of the adoption of this Bylaw shall continue with their current operation. Any expansion of the operation or change of animal species or type of operation is

## RM of Excel No. 71 Zoning Bylaw No. 20-13

required to obtain written approval from the Municipality in accordance with the requirements and conditions of this Bylaw.

- m) The operator may be required to enter into a road maintenance agreement to pay for the maintenance of roads required to provide access to the development.
- n) The minimum separation distance between occupied dwellings and riparian areas and the location where manure is to be spread is listed below. Distances are measured between the edge of the manure application area and the edge of a nearest property boundary.

**Figure 6: Location Separation Criteria for Manure Spreading to Dwellings**

Method of Manure Application	Injected	Incorporated within 24 hours	No incorporation
<b>Hamlet or Multi-Parcel Country Residential Acreages Riparian areas</b>	200 metres	400 metres	800 metres

- p) Crop land or improved pasture may be used for the disposal of wastes from an intensive livestock operation by spreading of manure, and such manure shall be incorporated into the soil within twenty-four (24) hours of spreading, unless such incorporation is prevented by adverse weather conditions, in which case incorporation shall take place as soon as practical thereafter.
- q) The Rural Municipality may require or allow an applicant to utilize manure injection into the soil or other technology rather than conventional stockpiling and spreading. The Municipality may consult Saskatchewan Agriculture, regarding the suitability of such technology.

### 7.10 AGGREGATE EXTRACTION (SAND, GRAVEL, TOPSOIL)

In addition to the general requirements regarding discretionary use applications provided in Section 3 of this Bylaw, the following additional considerations shall be made for all applications for an Aggregate Extraction activity.

- a) For the purpose of this section, Aggregate Resource extraction shall mean, excavation other than for construction, building or for purposes of creating an artificial body of water, including but not limited to, sand and gravel mining, or topsoil stripping.
- b) An application proposing a new aggregate extraction use or an expansion to an existing aggregate extraction operation shall be a temporary and discretionary use and shall adhere to all applicable municipal, provincial and federal requirements and guidelines.
- c) In reviewing applications for Aggregate Resource extraction operations the environmental implications of the operation including plans for site restoration shall be considered.
- d) An approval of an aggregate resource extraction activity shall be for a maximum period of two (2) years and may be renewed at the discretion of Council providing the requirements of this Bylaw continue to be met.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- e) The applicant shall submit plans and a narrative including:
  - i) the location and area of the site where the excavation is to take place;
  - ii) the expected life of the deposit if applicable;
  - iii) the type and dimensions including average depth of the proposed excavation, and the effect on existing drainage patterns on and off the site;
  - iv) identification of the outdoor noise and the discharge of substances into the air;
  - v) the methods for preventing, controlling, or reducing erosion;
  - vi) proposed access and hauling activities (including number of trucks, tonnage, and hours of hauling);
  - vii) proposed extraction, operation, and staging (including years, dates and hours of operation);
  - viii) a plan showing the final site conditions and post development land use plan following the completion for the operation (reclamation plan) including the phasing of remediation (progressive restoration is expected while extraction is ongoing in other section of the pit);
  - ix) method for storm water management/drainage control, and erosion and sediment control; and
  - x) any other information that Council deems necessary.
- f) Aggregate resource extraction industries are permitted in accordance with the following conditions:
  - i) The applicant shall ensure that dust and noise control measures are undertaken to prevent such items from becoming an annoyance to neighbouring land owners. The applicant shall conduct dust control procedures at the request of and to the satisfaction of the Rural Municipality. In this regard stock piles shall be located in a position to act as a sound barrier. Also, the applicant shall attempt to minimize the noise created by machinery and equipment.
  - ii) The applicant shall keep the area subject to the Development Permit in a clean and tidy condition free from rubbish and non-aggregate debris.
  - iii) Access routes into extraction areas shall be located away from residential areas and have efficient servicing, haul routes and have a high consideration for public safety.
  - iv) A disturbed area shall be reclaimed to a land capability equivalent to the pre-disturbance land capability (e.g. Agricultural land) or a post-disturbance condition and land use (e.g. Conversion to wetland) which are satisfactory to the Municipality. These conservation and reclamation procedures shall be in accordance with the RM's Bylaw to License the Excavation of Gravel from Gravel Pits and the Ministry of Environment's Reclamation Guidelines for Sand and Gravel Operations.
  - v) Any Aggregate Resource extraction industry proposed to be located within 100 metres of any municipal road, provincial highway or major waterbodies or riparian areas shall be permitted only where it would not adversely impact the environment or materially interfere with or affect adjacent lands.
  - vi) Aggregate resource extraction industries shall have regard to adjacent land uses and no material is to be stored or piled shall occur:
    - a) Within 805 metres (1/2 mile) from any dwelling, unless an agreement has been entered into with the owner of the dwelling consenting to a closer separation distance. If an agreement is entered into, Council will require that an interest protecting the parties to the agreement be registered against the lands, at the cost of the developer;

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- b) Within 15 metres (50 feet) from the limit of any road allowance or provincial highway;
- c) Within 805 metres (1/2 mile) from any recreational or heritage lands;
- d) Within 30 metres (100 feet) from any hazard lands.
- vii) The general resource extraction operator and any person who hauls the aggregate may be required to enter into a road maintenance agreement. The Municipality may require the developer to sign an agreement for road maintenance pursuant to *The Municipalities Act*, as a condition of the approval.
- viii) The Aggregate Resource extraction operator must report the amount of aggregate extracted by November 1 of each year or the end of the hauling season, whichever comes first.
- ix) The Municipality shall require the aggregate resource extraction operator to post a performance bond equal to the cost of reclamation of the pit, to be held by the Municipality for the lifespan of the operation to ensure the land is reclaimed to a satisfactory condition. The bond or other acceptable security must be in place before development proceeds. Once the site has been satisfactorily restored, the bond or security will be discharged or returned to the applicant or their predecessor to guarantee adherence to the above noted agreements.
- x) Upon the requirement of Council, the developer shall undertake a mineral extraction study prior to development approval to determine specific development requirements and standards.
- xi) Where sand and gravel development is proposed within the vicinity of a water source, the development permit application should be accompanied by an appropriate hydrological study which outlines necessary mitigation measures.
- xii) Where applicable, Council will specify development conditions in conjunction with recommendations from provincial agencies and report from a qualified person regarding site development, services, modification to application and location of operation and any other mitigation measures deemed necessary.
- xiii) Council will specify conditions regarding cost recovery and cost-sharing of municipal road construction and maintenance expenses due to increased haulage by trucks carrying mineral resources.
- g) Council may require an agreement to be entered into with the developer to ensure the sand and gravel development complies with all relevant requirements of the Bylaw including any additional conditions of approval necessary to secure the objectives of this Bylaw.

### 7.11 OIL AND GAS DEVELOPMENT

- .1 Petroleum extraction development including wells, pipelines, compressor stations and storage facilities will be accommodated as a permitted use. Related processing and service related development (land farms for contaminated soil, oil storage batteries, etc.) will be accommodated as a permitted use, if such uses are already regulated by Provincial or National Departments or Agencies.
- .2 Other related processing and service related development, which is not regulated by those Departments or Agencies, shall be accommodated as discretionary uses.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .3 Exploration and development of oil and gas shall be subject to all Federal and Provincial requirements, and such activity must comply with the objectives and policies outlined in the Official Community Plan.
- .4 Upon approval by the Municipality, the owner of the pipeline shall provide the Municipality at least forty-eight (48) hours' notice of the owner's intention to commence work. Written request must be made to the Rural Municipality before construction begins and the owner shall obtain the required Municipal standards for construction for approaches and for Pipelines (Flow lines) crossing Road Allowances.
- .5 Temporary Development Permits may be issued specifying time lines and conditions for such uses of a temporary nature such as oil and gas, mineral seismic or exploratory activities, or other ecotourism/seasonal activities. In no way should the issuance of these permits construe approval of projects other than that which is outlined specifically in the permit. Council has the right to revoke said permits if any of the conditions are not met. Temporary permits will not be issued if the use is not acceptable with the appropriate zoning designation or incompatible with the provisions of the Official Community Plan.
- .6 The Rural Municipality may apply special standards as outlined in *The Municipalities Act*, to protect the municipal interest when transportation, utility and pipeline facilities cross Municipal roads, or when seismic activity is proposed on roads or road allowance.
- .7 To minimize conflict between Mineral Resource extraction or oil and gas operations and surrounding land uses, the separation distances provided below shall be adhered to. These separation distances shall be used to ensure adequate separation distances between mineral resource extraction, oil and gas operations and other uses which may conflict with this industry or land uses which should not be developed due to problems with air quality or proximity to pipelines (ie. oil batteries).

**Figure 7: Minimum Separation Distances Relating to Fertilizer, Ethanol Development, Oil and/or Gas Operations**

Land Uses	Oil and Gas Development	Fertilizer or Ethanol Development
<b>Single dwelling or tourist accommodation</b>	1.0 kilometer from sour gas wells 75.0 metres from other gas and oil wells	500 metres (0.5 kilometer)
<b>Hamlet or Multi-Parcel Country residential subdivisions</b>	1.0 kilometer from sour gas wells 75.0 metres from other gas and oil wells	1.0 kilometer
<b>Commercial and Recreational Uses</b>	At Council's discretion	At Council's Discretion

### 7.12 SIGNAGE REGULATIONS

All developments shall comply with Section 4.32 General Regulations.

### 7.13 TEMPORARY BORROW PIT

- .1 A temporary development permit may be issued for a specified period of time to accommodate a temporary borrow pit incidental to the construction of an approved development provided the following criteria and conditions are met:
  - a) The borrow pit and stockpiles shall be setback a minimum distance of 45 metres from the centreline of a developed road or provincial highway.
  - b) The borrow pit and stockpiles shall be setback a minimum distance of 7.5 metres from a site line and bank of any waterbody or watercourse.
  - c) Safety fencing and signage may be required as a condition of the development permit.
  - d) The excavation and stockpiling areas shall be re-graded and re-vegetated immediately after construction activities conclude as may be necessary to address drainage and prevent erosion.

## 8 COUNTRY RESIDENTIAL DISTRICT (CR)

*The purpose of the Country Residential District (CR) is to accommodate a low density rural acreage development where the essential land requirement is for a building site, open space and rural lifestyle option rather than for productive agricultural purposes.*

**In any Country Residential District (CR), no person shall use any land, building or structure or erect any building or structure except in accordance with the following provisions:**

CR

### 8.1 PERMITTED USES

- a) One detached one unit dwelling, RTM or modular home following the placement thereof on a permanent foundation per site;
- b) Uses, buildings and structures accessory to the principal building or use;
- c) Open spaces and parks;
- d) Home Based Business or Occupation;
- e) Artisan or Craft Workshop;
- f) Public utilities, buildings, structures, warehouses and storage yards excluding solid and liquid waste disposal facilities.

### 8.2 DISCRETIONARY USES

**The following uses shall be considered by Council subject to the completion of the discretionary use process as outlined in Section 3 and with regard to the discretionary use criteria provided in Section 5 of this Bylaw.**

- a) Multi-Parcel Country Residential development;
- b) Personal Care Home;
- c) Bed and Breakfast Homes,
- d) Vacation Farms;
- e) Animal Kennels;
- f) Equestrian Facilities;
- g) Mobile Storage Containers including Sea and Rail Containers;

**No person shall initiate any permitted, discretionary or accessory use prior to obtaining a Development Permit from the Development Officer.**

### 8.3 PROHIBITED USES

The following uses shall be strictly prohibited within any Country Residential District (CR):

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- a) All uses of land, buildings or industrial processes that may be noxious or injurious, or constitute a nuisance beyond the building which contains it by reason of the production or emission of dust, smoke, refuse, matter, odour, gas, fumes, noise, vibration or other similar substances or conditions; and
- b) All uses of buildings and land except those specifically noted as permitted or discretionary.

### 8.4 SUBDIVISION AND SITE REGULATIONS

<b>Minimum site area</b>	0.8 hectares (2.0 acres).
<b>Maximum site area</b>	16 hectares (40 acres) or to be determined at Council's discretion based on topographical and physical site limitations.
<b>Minimum site frontage</b>	30.0 metres
<b>Minimum setback from Roads and Highways</b>	All buildings shall be set back a minimum of 45.0 metres from the centre line of any developed road, municipal road allowance or provincial highway and/or a minimum of 90.0 metres from the intersection of the centre lines of any municipal roads or provincial highway or such greater distance as required (e.g. Site triangle).  Where development is serviced by an internal subdivision road, the minimum front yard shall be 15.0 metres.
<b>Minimum rear yard</b>	7.6 metres
<b>Minimum side yard</b>	7.6 metres except where a side yard abuts a municipal road allowance or a provincial highway, the front yard requirements shall apply
<b>Maximum building height</b>	10.0 metres
<b>Minimum setback for trees shelterbelts and other</b>	All shelterbelts, tree plantings, portable structures, machinery and the storage of aggregate materials shall comply with the same setback requirement as for buildings.
<b>Public utilities, recreational, Institutional land uses</b>	Exempted from minimum frontage and site area requirements.

### 8.5 SUPPLEMENTARY REGULATIONS OR SPECIAL PROVISIONS

- .1 The final subdivision design and approved lot density of development in the CR Zoning District shall be determined by the carrying capacity of the lands proposed for development as identified within the submission of a Concept Plan.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .2 Each Country Residential (multi-parcel) subdivision shall be in a clustered form to facilitate servicing and shall not exceed all requisite standards provided by the local District Health Authority for onsite wastewater disposal systems.
- .3 The Development Officer may require a greater setback for a permitted or discretionary use if it is deemed that the use may substantially interfere with the safety and amenity of adjacent sites.
- .4 No dwelling shall be located with less than a minimum separation distance to an operation of other than the residence of the operation in a) or d) as follows:
  - a) the separation distance to an Intensive Livestock Operation as regulated in Section 7.9;
  - b) the separation distance to oil, gas or mineral extraction activities as provided in Figure 7;
  - c) 457 metres from a licensed public or private liquid waste disposal facility;
  - d) 457 metres from a licensed public or private solid waste disposal facility;
  - e) 305 metres from a honey processing facility;
  - f) 400 metres from an Aggregate Resource Extraction operation;
  - g) 1.0 kilometre from sour gas wells and 75 metres from other gas and oil wells;
  - h) 1.0 kilometre from an Ethanol, Fertilizer or Potash development;
  - a) 305 metres to a non-refrigerated anhydrous ammonia facility licensed by Province of Saskatchewan; or
  - b) 600 metres to a refrigerated anhydrous ammonia facility licensed by the Province of Saskatchewan.
- .5 Country Residential parcels may be exempted from these requirements in the case of a parcel physically severed as a result of road right-of-way or railway plans, drainage ditch, pipeline or transmission line, development, or natural features, such as watercourses or water bodies, in which cases there shall be no maximum site area. Existing residential parcels may be enlarged to include adjoining land physically severed as a result of the above noted barriers.
- .6 In the case of a parcel that existed prior to the adoption of this Bylaw there shall be no minimum or maximum site area.

### 8.6 ACCESSORY BUILDINGS AND USES

- .1 A permitted accessory use/building shall be defined as any building, structure or a use which is customarily accessory to the principal use of the site, but only if the principal permitted use or discretionary use has been established.
- .2 All accessory uses, buildings or structures (e.g. detached garages) require the submission of an application for a Development Permit prior to commencing the use or construction unless it is identified as exempt from this process in Section 3 of the General Administration of this Bylaw.
- .3 Setbacks and general performance standards for accessory buildings shall meet the same requirements as the principal use or building.

## RM of Excel No. 71 Zoning Bylaw No. 20-13

- .4 Subject to traffic sight lines, no hedge, fence, wall or other structure shall be erected past any property line. No barbed wire or razor wire fences shall be allowed.
- .5 The building floor area for large accessory buildings (workshops) located on Country Residential (CR) sites may not exceed 196m<sup>2</sup> (2000 ft<sup>2</sup>). All workshop-related activities shall be conducted within an enclosed building. No exterior storage of materials, goods, or waste products is permitted, except within a waste disposal bin for collection.

### 8.7 LEGAL ACCESS

- .1 Development of a residential dwelling is prohibited unless the site abuts a developed road. For the purposes of this section, "developed road" shall mean an existing graded all-weather road on a registered right-of-way, or a road for which a signed servicing agreement has been made by the developer with Council to provide for the construction of the road on a registered right-of-way to a standard approved by Council.
- .2 A subdivision shall not be recommended for approval by Council unless the proposed sites and any un-subdivided remnant of the land being subdivided has frontage on a developed road, including any road which is required to be registered and developed as a public road under a signed servicing agreement.

### 8.8 TEMPORARY USES

- .1 Notwithstanding the provisions of this bylaw and the Official Community Plan, a mobile home or trailer coach may be permitted for a period of up to one (1) year on an existing Country residential site within this Zoning District, subject to a resolution of Council, provided that the following criteria is met:
  - a) adherence to any permit or building bylaw or licensing requirement in effect in the Municipality
  - b) issuance of a Development Permit to the landowner, where the said trailer is located, to be issued on an annual basis;
  - c) the entering into of a development agreement between all affected parties, where considered necessary, to assure applicable development standards are adhered to;
  - d) compliance with any requirement of the Ministry of Health or government agencies respecting water and waste connections, and disposal concerns;
  - e) wherever a mobile home or trailer coach is allowed by Council as a temporary discretionary use during construction of a single detached dwelling, it shall be removed within 30 days after occupancy of that dwelling; and
  - f) each mobile home shall comply with the Canadian Standards Association (CSA) document CAN/CSA - 240.2.1-M86 "Structural Requirements for Mobile Homes" and shall be anchored, but shall not be placed on a permanent foundation.
- .2 In the case of an existing, currently habitable dwelling, which is being replaced by a new one, the existing dwelling, may, as a condition of the new Development Permit, be allowed

## RM of Excel No. 71 Zoning Bylaw No. 20-13

to be occupied during construction, only until the new one is habitable. At that point, the existing dwelling must be demolished or moved off the site within thirty (30) days after occupancy of that dwelling.

### 8.9 KEEPING OF LIVESTOCK

- .1 The keeping of livestock shall be permitted in the any Country Residential District (CR) in accordance with the following schedule:

Parcel Size	Maximum Number of Animal Units Permitted
Minimum 2 hectares (5 acres)	<b>Two (2) Animal Units</b>

- g) Glare or heat - no industrial operation shall be carried out that would produce glare or heat discernible beyond the property line of the lot;
- h) External storage - external storage of goods or material is permitted if kept in a neat and orderly manner or suitably enclosed by a fence or wall to the satisfaction of the authority having jurisdiction. No storage shall be permitted in the front yard;
- i) Industrial wastes - waste which does not conform to the standards established from time to time by Rural Municipal Bylaws shall not be discharged into any municipal lagoons; and
- j) The onus of proving to the authority having jurisdiction and Council's satisfaction that a proposed development does and will comply with these requirements rests with the developer.

### 11.13 SIGNAGE REGULATIONS

All developments shall comply with Section 4.32 General Regulations.

## 12 ENVIRONMENTALLY SENSITIVE LANDS OVERLAY

*The Intent of this Overlay Area is to restrict development in areas that are considered environmentally sensitive. The following regulations are intended to apply supplementary standards for development in areas designated as having potential environmental sensitivities or natural hazards conditions (unstable slopes, flooding).*

### 12.1 OVERLAY DISTRICT REGULATIONS

- .1 All the Regulations of the District, which underlies the ES District, shall be used by Council as a guideline in establishing conditions, which may be applied to location-sensitive Development Permits for the specific use being requested.
- .2 Where a proposed development of a new use and any required access driveway is located within 150.0 metres of an area defined as Environmentally Sensitive land in the OCP or as an Environmentally Sensitive (ES) Overlay District on the Zoning Map and on OCP Reference Maps, which may be updated from time to time. Council may require the applicant to submit sufficient topographic or other information to determine if the development will occur on any slopes that may be unstable, or within any river or stream flood plain, or other land that may be subject to flooding.
- .3 Identified actions for hazard avoidance, prevention, mitigation or remedy for any development proposed in an ES Overlay District may be incorporated as special conditions of a Development Permit. Where such special conditions conflict with any other regulation of this Bylaw, the special conditions shall take precedence. Council shall refuse a permit for any development for which, in Council's opinion, the proposed actions are inadequate to address the adverse effects or may result in excessive costs for the Municipality.

**No person shall within an Environmentally Sensitive Lands Overlay District use any land or erect, alter or use any building or structure, except in accordance with the following provisions.**

### 12.2 PERMITTED USES

- a) Agricultural uses, but not including buildings and structures accessory thereto; and does not include irrigation works or Intensive Livestock Operations;
- a) Recreational uses;
- b) Wildlife habitats and sanctuaries.

### 12.3 DISCRETIONARY USES

The following uses may be permitted only by resolution of Council and only in locations specified by Council:

- a) One detached one unit dwelling, RTM or modular home following the placement thereof on a permanent foundation, and buildings accessory thereto subject to appropriate site development regulations (slope instability or flood proofing);
- b) Home occupations; and
- c) Large accessory buildings.

### 12.4 SITE DEVELOPMENT REGULATIONS FOR SLOPE INSTABILITY AREAS

- .1 No new development shall be permitted in any readily eroded or unstable slope area if the proposed development will be affected by or increase the potential hazard presented by erosion or slope instability.
- .2 Any application for a Development Permit on any parcel of land that lies wholly or partially within an area identified in the “Environmentally Sensitive Lands Overlay Area” must be accompanied by a detailed site analysis prepared by a geotechnical engineer registered in the Province of Saskatchewan. The site analysis shall indicate topography, surface drainage, geological, and geotechnical conditions at the site of the proposed development and related to the conditions of the general area as they relate to slope instability and erosion hazards.
- .3 The geotechnical engineer shall answer the following questions:
  - a) Will the proposed development be detrimentally affected by natural erosion or slope instability?
  - b) Will the proposed development increase the potential for erosion or slope instability that may affect the proposed development, or any other property?
- .4 Unless the geotechnical engineer can answer “no” in response to both of the above questions, further analysis will be required. The required analysis must define the hazard as it may affect the proposed development and any other potentially affected property. The engineering report will identify hazard mitigation measures including engineered works and other measures deemed to be effective in eliminating or managing anticipated erosion and slope stability impacts, and will identify and explain known and suspected residual hazards. The responsibility for monitoring and responding to monitored findings shall be resolved before approval is granted.
- .5 A Development Permit shall not be issued unless the report on the site, presented by the professional consultant, indicates that the site is suitable for development or outlines suitable mitigating measures and documents residual hazard.
- .6 If such an evaluation is not done, or having been done, Council determines that excessive remedial or servicing measures are necessary to safely and efficiently accommodate the

proposed development and Council shall not be required to approve the application for development.

- .7 Where a parcel of land borders on or contains a water body, the setback from the bank of the water body shall be determined by the Municipality but shall not be less than 30.0 metres from a water body of 8 hectares (20 acres) or more.

### 12.5 SITE DEVELOPMENT REGULATIONS FOR FLOOD HAZARD CAUTIONARY AREAS

- .1 For all proposed development in this cautionary area, the developer shall be responsible to obtain and determine the 1:500 year Estimated Peak Water Level to determine the Safe Building Elevation. The Saskatchewan Water Security Agency will assist and provide comment when possible or the developer shall be responsible for the cost.
- .2 No person shall use any land, erect, alter or use any building or structure within a Flood Hazard land area without a Development Permit. A Development Permit shall not be issued for any land use, erection, alteration or use of any building or structure unless the site/development meets approved flood proofing measures to the 1:500 flood design elevation.
- .3 No person shall backfill, grade, deposit earth or other material, excavate, or store goods or materials on these lands nor plant any vegetation parallel to the waterflow.
- .4 "Hazardous Substances and Waste Dangerous Goods" are prohibited, as defined by the Hazardous Substances and Waste Dangerous Goods Control Regulations of the *Environmental Management and Protection Act of Saskatchewan*.
